The Regional Greenhouse Gas Initiative (RGGI) participating states are committed to comprehensive, periodic review of their CO<sub>2</sub> budget trading programs to consider successes, impacts, and design elements. In line with this commitment, the states have initiated the Third Program Review and have published a preliminary Program Review timeline on the [RGGI website](#).

On behalf of the RGGI participating states, RGGI, Inc. held a public listening session on October 5, 2021 to solicit public input on the Program Review process, and will facilitate a second listening session to provide another opportunity for public input on the objectives, topics, and analyses for Program Review. This document serves as a notice of the meeting and provides instructions on registration and how the public can submit comments to the states.

This meeting will be presented in both English and Spanish. A meeting agenda is available [here](#). Any additional materials will be posted to the [RGGI website](#) and shared via the [RGGI mailing list](#).

*Please note: this meeting will be recorded and made available on the RGGI website.*
