**Financial Statements

## **Independent Auditor's Report**

To the Board of Directors of the  
Regional Greenhouse Gas Initiative, Inc.

### ***Opinion***

We have audited the accompanying financial statements of Regional Greenhouse Gas Initiative, Inc. (the "Corporation"), which comprise the statement of financial position as of December 31, 2022 and December 31, 2021, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Corporation as of December 31, 2022 and December 31, 2021, and the results of its activities and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Corporation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Change in Accounting Principle***

As discussed in Note 2 to the financial statements, the Corporation has changed its method of accounting for operating leases as of January 1, 2022 due to the adoption of ASU 2016-02, Leases (Topic 842). Our opinion is not modified with respect to that matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

*Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

**REGIONAL GREENHOUSE GAS INITIATIVE, INC.****Notes to Financial Statements  
December 31, 2022 and December 31, 2021****Note 1 – Nature of organization**

Regional Greenhouse Gas Initiative, Inc. (the “Corporation”) is a non-profit, non-stock, corporation the exclusive purpose of which is to provide technical and scientific advisory services to the Participating States in the development and implementation of a multi-state cap and trade program, known as the Regional Greenhouse Gas Initiative (“RGGI”) (or its successor) established, to reduce air pollutants that contribute to climate change, and to perform any other charitable or scientific function related to the reduction of greenhouse gas emissions or the increase in carbon sequestration on behalf of the Participating States. As of December 31, 2022, the Participating States included: Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, Vermont and Virginia. During July 2022, Pennsylvania became a participating state. However, certain legal proceedings has kept Pennsylvania from actively participating in the Corporation’s related activities for 2022.

The Corporation is governed by a Board of Directors, made up of two agency heads from each Participating State who serve as directors of the Corporation *ex officio*. As provided in the By-laws of the Corporation, the directors serving *ex officio* are as follows: (1) the chair, or the commissioner designated by the chair, of the Participating State’s energy regulatory agency; (2) the chief executive of the Participating State’s environmental regulatory agency or department; or (3) in the event that the Governor of a Participating State determines that a state official other than the state’s environmental regulatory agency or department; is the appropriate representative to act as a director, the Governor of that Participating State must notify the chair of the Corporation in writing and such other official shall be a director from that Participating State.

The Participating States provide funds for the Corporation’s activities. Each Participating State has entered into a contract with the Corporation, which establishes, among other things, the amount to be contributed by that Participating State to the Corporation for its services and the specific technical and advisory services to be provided by the Corporation to or on behalf of that Participating State.

The technical and scientific advisory services to be provided to the Participating States generally include the development and implementation of (1) a regional system for tracking emissions and emissions allowances, to support emissions inventory management, allowance trading, compliance and program analysis and user security; (2) guidance for offset projects and an accreditation process for independent verifiers of offset projects; (3) a tracking system for offset project submittals, approvals and supporting documentation; (4) a regional allowance auction platform, including pre-auction services, conduct of the auction, and post-auction services; and (5) monitoring and auditing services for both allowance auctions and the secondary allowance market. The Corporation is authorized to subcontract with outside vendors to fulfill its duties under its contracts with the Participating States.

**REGIONAL GREENHOUSE GAS INITIATIVE, INC.****Notes to Financial Statements (continued)  
December 31, 2022 and December 31, 2021****Note 1 – Nature of organization (continued)**

One aspect of the auction services the Corporation provides are financial settlement services on behalf of the Participating States offering emissions allowances at each auction. Financial security from auction participants is deposited into an account currently maintained at Bank of New York Mellon under the title “RGGI, Inc. as agent for the Participating States of the Regional Greenhouse Gas Initiative” and is held in that account subject to the terms in the auction notice issued by the Participating States offering emissions allowances. At the conclusion of each auction, the Corporation arranges for the transfer of funds in appropriate amounts to the Participating States in payment for the emissions allowances purchased at that auction, and excess funds are returned to auction participants. The Corporation’s receipt and management of these funds is solely as agent for the Participating States. The Corporation has no legal right to retain any portion of these funds or to transfer them to its own account except as explicitly directed by contract with one or more Participating States. The interest earned, if any, will be used to defray the cost of future auctions.

The Corporation is a technical assistance organization only. It has no regulatory or enforcement authority with respect to any existing or future program of any Participating State. All such sovereign authority is reserved to each Participating State.

**Note 2 – Summary of significant accounting policies****Basis of presentation**

The financial statements of the Corporation have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The following comprise the significant accounting policies of the Corporation.

**Net assets**

Under accounting principles generally accepted in the United States of America, net assets and revenue, expenses, gains and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as net assets without donor restrictions and net assets with donor restrictions.

**Without Donor Restrictions****Operating**

Net assets that are not subject to donor-imposed restrictions and amounts can be spent at the discretion of the Corporation for general operations. Contributions with donor-imposed restrictions that are met in the same year the contributions are received are recorded as contributions without donor restrictions.

**REGIONAL GREENHOUSE GAS INITIATIVE, INC.****Notes to Financial Statements (continued)  
December 31, 2022 and December 31, 2021****Note 2 – Summary of significant accounting policies (continued)**With Donor RestrictionsTemporary donor restrictions

Net assets with donor restrictions are temporary in nature and are subject to donor-imposed restrictions that will be met either by actions of the Corporation and/or the passage of time. Contributions with donor-imposed restrictions are reported as increases in contribution with donor restrictions. When a donor-imposed restriction is accomplished, that is, when a stipulated time restriction ends or the purpose of the restriction is accomplished, the net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statement of activities as net assets released from restrictions. The Corporation did not receive any contributions with donor restrictions during 2022 or 2021.

Revenue recognition

Once the Corporation's budget is determined, an amount is billed to each Participating State based upon an emissions allocation. These amounts are recorded as deferred state revenue on the statement of financial position. Revenue is recorded on a monthly basis equal to the Corporation's operating and program expenses.

Contributed nonfinancial assets

Organizations are required to recognize contributions of nonfinancial assets if they create or enhance non-financial assets, or require specialized skills, are provided by individuals possessing those skills and typically would have been purchased if not provided in-kind. Board members volunteer their time and perform a variety of tasks that assist the Corporation. These services do not meet the criteria to be recorded and have not been included in the accompanying financial statements.

Cash equivalents

The Corporation deems highly liquid investments with original maturities of 90 days or less to be cash equivalents. The Corporation had no cash equivalents at December 31, 2022 or December 31, 2021.

Property and equipment

Property and equipment, which consist of furniture and fixtures, is recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Acquisitions of property and equipment exceeding \$5,000 and with a useful life greater than one year are capitalized.

**Notes to Financial Statements (continued)**  
**December 31, 2022 and December 31, 2021****Note 2 – Summary of significant accounting policies (continued)**New accounting pronouncement

Effective January 1, 2022, the Corporation adopted FASB ASU No. 2016-02, *Leases* (Topic 842) (“ASC 842”). ASC 842 requires a lessee to recognize a right-of-use (“ROU”) asset, which represents the right to control the use of a respective asset for the lease term, and a lease liability on the statement of financial position. The Corporation has elected to record ASC 842 in its financial statements as of the beginning of the year of adoption and has elected to include leases with terms longer than twelve months. In connection with the adoption of ASC 842, the Corporation has recognized an ROU asset of \$250,392 and an operating lease payable of \$296,757 as of December 31, 2022. The Corporation has elected to use a risk-free rate for its ROU asset where the implicit rate was not readily determinable.

Functional expense allocation

The cost of providing the various programs and other supporting activities of the Corporation has been summarized on a functional basis in the accompanying statement of activities. The statement of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the program services and supporting activities. Natural expenses attributable to more than one functional expense category are allocated using a variety of cost allocation techniques primarily consisting of time and effort reporting and other equitable bases. Program services are divided into two categories:

Direct program services

These are expenses incurred by the Corporation for direct costs related to the four main functions of the Corporation: auctions, emissions allowance tracking systems, market monitoring and technical analysis and evaluation, that is paid to outside contractors.

Indirect program services

These are expenses incurred by the Corporation for direct costs that are incurred by management of the Corporation relating to the four main functions of the Corporation as described above.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from these estimates.

**Note 2 – Summary of significant accounting policies (continued)**

Concentrations of credit risk

The Corporation's financial instruments that are potentially exposed to concentrations of credit risk consist of cash. The Corporation places its cash with what it believes to be quality financial institutions. In addition, the Corporation places its cash holdings in different financial institutions to have the full benefit of the Federal Deposit Insurance Corporation (FDIC) coverage. At times during the year, the balance in the cash accounts exceeded the FDIC insurance limit. However, the Corporation has not experienced any losses in such accounts to date. The Corporation believes no significant risk of loss is likely as a result of credit risk concentrations with respect to its cash.

Subsequent events

The Corporation has evaluated subsequent events and transactions for potential recognition or disclosure through October 30, 2023, which is the date the financial statements were available to be issued.

**Note 3 – Liquidity and availability of financial assets**

**REGIONAL GREENHOUSE GAS INITIATIVE, INC.****Notes to Financial Statements (continued)  
December 31, 2022 and December 31, 2021****Note 5 – Auction process**

One of the main functions of the Corporation is to administer the entire auction process of carbon dioxide (CO<sub>2</sub>) allowances for the Participating States. The Corporation administered four (4) auctions during 2022 and 2021.

Each CO<sub>2</sub> allowance auction is conducted in accordance with the statutory and/or regulatory authority of each Participating State offering CO<sub>2</sub> allowances for sale in that auction. These uniform price sealed quarterly auctions are designed to prevent price collusion by the bidders and are monitored by an independent third-party vendor (see note 7).

Each Participating State's number of allowances is specified in the statutes and/or regulations authorizing its CO<sub>2</sub> allowance budget. Allowances of any Participating State are recognized by the CO<sub>2</sub> Budget Trading Program of each of the Participating States even if that particular state is not participating in the auction.

The Corporation's cost for the years ended December 31, 2022 and December 31, 2021 totaled \$56,075 and \$61,777, respectively. These costs are included in payroll taxes and employees' benefits in the statement of functional expenses.

**Note 7 – Commitments****Program commitments**

The Corporation receives funding under contracts and agreements from the Participating States. Payments received under these arrangements are subject to audit by each Participating State. Upon audit, if discrepancies are discovered, the Corporation could be held responsible for reimbursing the amount in question. As of the date of this report, no audits have been requested by the Participating States.

**Auctions**

The auction platform was created and is monitored by an unrelated independent contractor who is responsible for the integrity of the process. In addition, this independent contractor is responsible for verifying the collateral issued by the underlying institution for each bid made by an auction bidder. The total expenses for the years ended December 31, 2022 and December 31, 2021 were \$310,000.
