## **RGGI, Inc. Appoints Acting Executive Director**

9/12/11

The Board of Directors of Regional Greenhouse Gas Initiative, Inc. (RGGI, Inc.) today announced the appointment of Nicole Singh as Acting Executive Director. Ms. Singh has served as Director of Program Implementation at RGGI, Inc. since 2009, and will now assume responsibility for providing administrative and technical services to the first regional market-based program to address greenhouse gas emissions in the United States.

“The Board of Directors is pleased to have someone of Nicole’s abilities, dedication and experience to continue the work of RGGI, Inc. as an administrative ally to each RGGI participating state,” said David Littell, Chair of the RGGI, Inc. Board of Directors and a Commissioner of the Maine Public Utilities Commission. “Nicole has a proven track record of accomplishment within RGGI.”

Prior to joining RGGI, Inc., Singh was the Associate Director of the Environmental Bankers Association from 2003 to 2009. A native of New York, Singh received a Bachelors degree in Environmental Studies from Franklin and Marshall College and a Masters degree in Public Affairs from Princeton University.

Singh replaces Jonathan Schrag, who had served as RGGI, Inc’s first Executive Director since 2008. Schrag is departing RGGI, Inc. to accept appointment as Deputy Commissioner for Energy in the newly formed Connecticut Department of Energy and Environmental Protection.

“On behalf of the entire Board of Directors, I want to recognize Jonathan for his invaluable service to RGGI, Inc. and to each of the RGGI participating states over the last three years,” said Commissioner Littell. “His leadership has assisted the participating states with RGGI’s successful implementation.”

Schrag’s resignation and the appointment of Singh as Acting Executive Director will be effective September 23, 2011.
