Hello,

As a resident of NY State and a Sierra Club member I am writing to urge you to take a strong stand in support of RGGI here in the Northeast. I believe it is CRITICAL that we do everything within our power to be the best stewards of our resources and work towards a cleaner, greener planet for the sake of our future and the future of our children and generations to come. Thanking you in advance for supporting RGGI and a cleaner planet.

Sincerely,

Lynnea L. Sedrel-Donai

Ava, NY 13303
