info@rggi.org

**RE: Comments of 7,557 Sierra Club Members and Supporters on the Regional Greenhouse Gas Initiative Program Review Stakeholder Meeting on June 27<sup>th</sup>, 2017**

Dear Governors, Board Members, and Staff,

Please find below comments from 7,557 Sierra Club members and supporters on the information presented to stakeholders about the Regional Greenhouse Gas Initiative on June 27<sup>th</sup>, 2017. This is an increase of more than 37% from our last full alert in December of last year, demonstrating even greater public interest in finalizing a strong and just future for the popular and successful program to reduce carbon pollution from power plants and invest in communities across the region. The first 1,216 of those comments below include a personal message on the process.

Respectfully submitted,

Mark Kresowik  
Eastern Region Deputy Director  
Beyond Coal Campaign  
Sierra Club

Dear Governor and RGGI Board Members,

A great many Massachusetts citizens are working diligently to curb wasted energy; invest in solar alternatives, and otherwise act to protect our fragile ecosystem.

We appreciate your efforts to reduce greenhouse gases.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Lois Fay  
PO Box 154  
Charlton City, MA 01508

Dear Governor and RGGI Board Members,

A healthy climate is our only future!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Susan Fournier  
4729 Willows Rd  
Chesapeake Beach, MD 20732

Dear Governor and RGGI Board Members,

A regional approach makes so much sense and gives me hope that Trump is not unstoppable in his disastrous climate policies. Please don't fail us, your constituents, who need you to be a climate champion.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Judith Rosenblatt  
305 W 98th St Apt 5ES  
New York, NY 10025

Dear Governor and RGGI Board Members,

A STRONG AGREement IS ESSENTAIL. THANK YOU.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Marvin Frankel  
68 Southwind Trl  
Williamsville, NY 14221

Dear Governor and RGGI Board Members,

A strong RGGI is the right thing to do morally and economically.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Doris Corbo  
9 Garth Rd  
West Roxbury, MA 02132

Dear Governor and RGGI Board Members,

A stronger regional climate agreement will help fight climate change, as it will help us find alternatives to doing things that cause environmental damage, and save the planet before it's too late

.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Lawrence Rosin  
601 Surf Avenue  
New York, NY 11224

Dear Governor and RGGI Board Members,

Actions speak louder than words. Choosing the strongest possible future for the RGGI to reduce climate pollution and invest in clean energy can send a message that states are serious about climate change. Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Bryce Imbesi  
11714 Union Tpke Apt EA2  
Kew Gardens, NY 11415

Dear Governor and RGGI Board Members,

Additionally please encourage those in Congress to vote no to American Horse Slaughter. Trump and Zenke are ready to slaughter thousands of beautiful mustangs that are protected under the 1971 Free Roaming Horse and Burro Act .

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jane Giard  
2 Tennyson Street  
Hartsdale, NY 10530

Dear Governor and RGGI Board Members,

After living in Maryland for 40 years, I have decided to remain here in retirement. I will continue to do so as long as the State continues to protect its environment aggressively.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Donald Mcnellis  
11805 Gregerscroft Rd  
Potomac, MD 20854

Dear Governor and RGGI Board Members,

Again, thank you for your continued support of climate issues, especially in the face of such a challenging national political climate. I am a very proud New Yorker and your work to make this great state respectful of all people and our beautiful environment is greatly appreciated.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dodie Gillett  
1 Windfield St  
Huntington, NY 11743

Dear Governor and RGGI Board Members,

All our coastal cities are at stake!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Laurel Facey  
47 Davis Rd  
Millers Falls, MA 01349

Dear Governor and RGGI Board Members,

also no nuclear bailout PLEASE !!!!!!!!!!!!!!!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Renee Rizzo  
365 W 28th St Apt 17F  
New York, NY 10001

Dear Governor and RGGI Board Members,

Also, Governor Hogan, I want to again thank you for your stance in other human and environmental protections that you have addressed this passed year. It makes me proud to know that I live in a state where the governor responds to all of its constituents and not partisanship politics and even holds ground in the face of an administration out of touch with both the constitution and American values.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jeff Davis  
PO Box 985  
Chestertown, MD 21620

Dear Governor and RGGI Board Members,

Also, please add Mx. as a title option. I'm non binary.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Rex Lebeau  
118 Ruggles Ave  
Newport, RI 02840

Dear Governor and RGGI Board Members,

Also, we need stronger advocacy and support for cleaning up Maryland's surface waters, including the Chesapeake Bay. I grew up in Montgomery County playing in Cabin John Park and stream. It was very clean when I was a child. Now, it's foamy and smells like sewage after a heavy rain. The Chesapeake Bay is one of the few outstanding natural attractions Maryland has. All the farm run-off, particularly from poultry in the DelMarVa Peninsula, is polluting the Bay. Americans are experiencing an obesity epidemic -- we don't need cheaper factory-raised chicken -- we need more beautiful outdoors and conservation of nature for Maryland to be more livable!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Lisa Lee  
13 Darby Ct  
Bethesda, MD 20817

Dear Governor and RGGI Board Members,

American needs to be committed for all!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Nancy Hartley  
220 Devon Farms Road  
Stormville, NY 12582

Dear Governor and RGGI Board Members,

And also thank you for standing up for Massachusetts and its people in these troubled times with trump as our president.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

David Sylvia  
18 Standish Way  
West Yarmouth, MA 02673

Dear Governor and RGGI Board Members,

And for the future of the Chesapeake Bay.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Susan Gridsky  
6060 California Cir  
Rockville, MD 20852

Dear Governor and RGGI Board Members,

And for the state of New York!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Nancy Noel  
104 Brantwood Rd  
Amherst, NY 14226

Dear Governor and RGGI Board Members,

And thank you for making us a sanctuary state. Keep up the good work

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

William Berloni  
181 Little City Rd  
Higganum, CT 06441

Dear Governor and RGGI Board Members,

And to add if you took climate change seriously Governor you wouldn't be cutting down all those trees at Browning Mill Pond at the Arcadia management area to put up a ridiculous visitors center. Please stop that project and save those centuries-old trees that are the lungs of the Earth

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Michael Lindley  
239 James Trl  
West Kingston, RI 02892

Dear Governor and RGGI Board Members,

And we don't need this just in the NE. We need it nationwide.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Hugh Mealy  
34 Williams Dr  
Annapolis, MD 21401

Dear Governor and RGGI Board Members,

And we need this to show Washington and the rest of the nation that we in Massachusetts are serious about Global Warming.

Thanks for being a caring Governor.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Rolf Bandle  
217 Webster St  
Malden, MA 02148

Dear Governor and RGGI Board Members,

Anything that shifts us away from fossil fuels and toward investments in renewables and efficiency is the way to protect our our future in our golden years and that of our children and grandchildren!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Heather Stanton  
61 Roricks Glen Pkwy  
Elmira, NY 14905

Dear Governor and RGGI Board Members,

Arizona is literally melting. There is a giant crack in arctic ice growing very day. If you don't care about the glaringly obvious physical evidence, at least consider that every other government on our overheating planet THINKS WE'RE IDIOTS FOR DENYING CLIMATE CHANGE.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Kristen Levine  
42 Debbie Dr  
Leominster, MA 01453

Dear Governor and RGGI Board Members,

As a coastal state, Connecticut has much at stake! We should invest in wind energy and other renewable energies to support our move away from coal, oil and gas. This matters for the next generation!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Amanda Ingrassia  
25 Glenbrook Rd Apt 537  
Stamford, CT 06902

Dear Governor and RGGI Board Members,

As a coastal state, we need to do all we can to prevent the threats of climate change. Inaction is irresponsible.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

james austin  
88 Wharf St  
Milton, MA 02186

Dear Governor and RGGI Board Members,

As a former research biologist and a current AP Environmental Science teacher in Howard County, I am asking you to do this for the future of our children who are relying on us. Thanks!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Rita Allan  
4625 Huntley Drive  
Ellicott City, MD 21043

Dear Governor and RGGI Board Members,

As a grandmother of three wonderful grandchildren, it is critically important to me that we do EVERYTHING we can to limit greenhouse gases and make sure they have a livable future. I am counting on you to have Maryland be a leader in this effort.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Gita Lefstein  
2500 Canterbury Rd  
Parkville, MD 21234

Dear Governor and RGGI Board Members,

As a leader in environmental issues, my governor and a citizen of New York, I hope you will stand strong for our future. Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Linda Keefe  
70 Park Ter W Apt E50  
New York, NY 10034

Dear Governor and RGGI Board Members,

As a lifelong progressive and pro-environment life-long New York voter , I urge you to, as a forward-thinking governor, to help enact an aggressive program to help curb emissions. Since the federal government has abrogated responsibility, it is up to our state to take the lead. Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Steven Nathanson  
115 Brookside Dr  
Valley Stream, NY 11581

Dear Governor and RGGI Board Members,

As a long-time, now retired, worker in public health, I am appalled at the direction our country is being lead in with the diminution of the EPA's powers and the reversal of environmental and public health regulations and policies previously accomplished. If the nation won't protect its citizens, then the states have a responsibility to step in.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Barbara Lidestri  
217 Parkwood Rd.  
Vestal, NY 13850

Dear Governor and RGGI Board Members,

As a member of the Interfaith Climate Justice Community in Western New York, I urge you to consider this a moral imperative as well as a political one.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Sue Tannehill  
8750 Tonawanda Creek Rd  
Clarence Center, NY 14032

Dear Governor and RGGI Board Members,

As a New York State voter and taxpayer it is important we as a state do as much as we can to reduce climate change. Below are a few items I support for our state.

1. Build more wind turbines and solar farms.
2. Do not allow more oil or gas pipelines. If new pipelines are needed the old ones must be removed. We can not have taxpayers pay for the removal. The oil companies must pay since that is another cost of oil.
3. Do not invest taxpayer's money in fossil fuel stocks or bonds that support fossil fuels.
4. Do not allow more fossil fuel plants to be built in New York state.
5. Create a plan to generate 100% of New York's electrical needs using renewal sources by 2040 or earlier. Other countries are doing this why can't New York State? Maybe even partner with NJ and CT.

That is just a few things New York State can do to help with the battle against climate change.

Let us all work together.

Elaine Weir

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Elaine Weir  
138 Brewster Rd  
Scarsdale, NY 10583

Dear Governor and RGGI Board Members,

As a parent of two young children, I feel it is imperative to act boldly in our efforts to preserve the environment for future generations. Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Paul Trunnell  
14 Kenwood St  
Cambridge, MA 02139

Dear Governor and RGGI Board Members,

As a registered Democrat I appreciate your efforts to make Maryland a place where conditions for all support our health and well-being. Please continue this in doing everything possible to reduce the progress of climate change.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Elizabeth Biliske

Preston, MD 21655

Dear Governor and RGGI Board Members,

As a retired scientist, I expect you to support the RGGI in the strongest possible way.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Katherine Nelson  
48 Birch Bay Dr  
Bar Harbor, ME 04609

Dear Governor and RGGI Board Members,

As a Unitarian Universalist, I am part of the Interdependent Web. What happens to one creature, its habitat, or the climate has an effect on us. Though President Trump withdrew the U.S. from the Paris Climate Accords, Connecticut should follow them.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Leslie Weinberg  
28 Vine Rd  
Stamford, CT 06905

Dear Governor and RGGI Board Members,

As a Vermonter, I treasure our Green Mountains, our wildlife, our way of life. Please protect it.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Kate Ruland  
3589 Morse Hill Rd  
Dorset, VT 05251

Dear Governor and RGGI Board Members,

As an independent, I will only support politicians and the party they represent that are ACTIVELY working to stop climate change, not just waiting for bills that politically convenient to cross their desk. Thank you in advance for being a leader in protecting future generations.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Matthew Genaze  
334 Harvard St  
Cambridge, MA 02139

Dear Governor and RGGI Board Members,

As far as I can tell, there is no more viable EPA. PLEASE do all you can to counter the (in)actions of this administration!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

RJ Kennedy  
1811 WEST FOURTH STREET, SECOND FLOOR  
BROOKLYN, NY 11223

Dear Governor and RGGI Board Members,

As Governor, you are in a unique position to make a difference nationally. Please know we support you so you can fearlessly be bold and strong.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Frances Nolde  
459 Sargent Rd  
Boxborough, MA 01719

Dear Governor and RGGI Board Members,

As has been pointed out, Connecticut is downwind of almost everyone else. This is a national, critical issue.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Margaret Holton  
9 Alewives Rd  
Norwalk, CT 06850

Dear Governor and RGGI Board Members,

As Senator Susan Collins herself has pointed out, in Maine, "the economy and the environment are inextricably linked." The RGGI is a step forward in the long-term plan to acknowledge, respect, and act upon that essential truth.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Mark Pires  
103 Main St  
Farmington, ME 04938

Dear Governor and RGGI Board Members,

As someone who enjoys the abundant natural resources in Maryland from the mountains, streams and waterfalls in Garrett County, the bounty of the Chesapeake Bay and the marshes, rivers and beach of the Eastern Shore we have been blessed with the responsibility of protecting our riches in nature. We need leadership in Maryland to protect our natural treasures. Governor Hogan is known more for hiding than providing leadership. He must stand up and speak out for us and push back on the Trump administration that is hell bent on giving our natural resources to corporations to destroy. Governor Hogan must stand with science and the citizens of Maryland or we will not stand with him in 2018.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Grace Folsom  
5920 Griffith Rd  
Laytonsville, MD 20882

Dear Governor and RGGI Board Members,

As the home of the Chesapeake Bay, along with mountains of significance, this is most important!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

K Witt  
P. O. Box 19043  
Baltimore, MD 21284

Dear Governor and RGGI Board Members,

As you are well aware, the majority of your constituents here in Vermont are totally in agreement that you should commit to a stronger regional climate agreement.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Ainslie Gilligan  
25 Strand Ave  
Brattleboro, VT 05301

Dear Governor and RGGI Board Members,

At a time when so many people are ashamed of our President, it would be terrific to be proud of our Republican Governor.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

William Nichols  
6 Wyeth Farm Cir  
West Lebanon, NH 03784

Dear Governor and RGGI Board Members,

At a time when the nation is in jeopardy and faces more peril both meteorologically and threats to our water and food resources, here and world-wide, we find ourselves with an administration bent on greed, deregulation, diminishing the size of the EPA both in numbers and in active scientists is appallingly reckless with apparent little concern for the health and growth of the nation.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Lee Evans  
400 W.43rd St., Apt 37L  
New York, NY 10036

Dear Governor and RGGI Board Members,

At this time we lack leadership and commitment on the Federal level to take the necessary steps to combat climate change. It is imperative that Local and State governments move forward with bold and far-reaching measures that would institute policies to protect our environment. As a pediatrician I have a unique prospective on how these changes can impact the lives of my families. Our children need to grow in a clean environment and have the opportunity to work in innovative industries. Healthy, well nourished children become educated, productive adults who contribute to society in a positive manner. Again, I urge you to be BOLD!!!!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Janice Valmassoi  
260 E Main St  
Smithtown, NY 11787

Dear Governor and RGGI Board Members,

Be a leader and get it right'

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Nancy Cohen  
12 Gould Rd  
Waban, MA 02468

Dear Governor and RGGI Board Members,

Be an earth saviour not a destroyer.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Celeste Markle  
55 Laurel Rd  
New Haven, CT 06515

Dear Governor and RGGI Board Members,

Because President Trump is so backwards in his climate change denialism, we need Massachusetts to be a green energy leader. I'm trading in my SUV for an electric car- and hope MA will follow suit and support a strong regional greenhouse gas initiative.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Susan Haney  
18 Harrington Rd  
Framingham, MA 01701

Dear Governor and RGGI Board Members,

BEST OF LUCK!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Malgorzata Schmidt  
244 Dill Ave  
Frederick, MD 21701

Dear Governor and RGGI Board Members,

Biggest threat to man mind

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Bowie, MD 20715

Dear Governor and RGGI Board Members,

BTW - I oppose our Tappan Zee bridge being named after your relative (however competent a politician he was.) Decisions behind closed doors without civic participation will not be tolerated.

Trump and his hideous cluster of vicious, inept bullies now make secrecy intolerable. The people know the

difference.

Please continue to make certain that NEW YORK remains a beacon of sanity and safety in these grievous, treacherous political times

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jane Palermo  
300 S Broadway Apt 3G  
Tarrytown, NY 10591

Dear Governor and RGGI Board Members,

By using the strength and commitment of the Northeast region, we can make great strides in cutting greenhouse gas emissions and prove to the rest of the states in the US that true progress can be made at the state and regional level. Please choose to make Vermont one of the strongest leaders in the fight to combat climate change and provide a quality future for our communities!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Anne Jameson  
4292 Hollister Hill Rd  
Marshfield, VT 05658

Dear Governor and RGGI Board Members,

Cancer is running rampant and the planet is heating up. We need a better environment.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sabattus, ME 04280

Dear Governor and RGGI Board Members,

Climate chaos is evident ranging from longer droughts, to bigger storms when it finally does rain along with and hotter summers to winter cold snaps. MA needs to do what it can to limit our CO2 contributions and become a leader in the renewable energy business. Hopefully before the southwest melts along with the planet's remaining glaciers, the scientific illiterates in congress will be gone and there will be an economic surge in states who have done their homework on clean energy alternatives and are poised to lead this technology.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Dear Governor and RGGI Board Members,

Climate policy will have a positive impact on the quality of life for all New Yorkers! Climate policy means less visits to the doctor's office, less severe weather patterns and storms. Governor Cuomo, the environment and New Yorkers are depending on you to be the voice of reason to all those who need aid the most.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Abby Grayburn  
514 W End Ave Apt 5A  
New York, NY 10024

Dear Governor and RGGI Board Members,

Coal is not our enemy. We can burn it clean, have cheap energy and a clean environment also. People should stop the gloom and doom, and come up with some new ideas instead of tearing everything down. It's been tried and failed. Solar and wind are not the answer. Patrick J. Ronayne

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Patrick Ronayne  
19603 Galway Bay Cir Apt 301  
Germantown, MD 20874

Dear Governor and RGGI Board Members,

Combat idiocy with intelligence.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Kathleen Blaisel

Jay, NY 12941

Dear Governor and RGGI Board Members,

Commit Connecticut to 100% clean energy.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Kat Morey  
112 Mohegan Rd  
Shelton, CT 06484

Dear Governor and RGGI Board Members,

Communities and stakeholders can cooperate for energy efficiency and shared renewables, creating new jobs, but only if the regional greenhouse gas network is strong. We can be doing so much more. Continuing 'business as usual' is not just wasteful, but dangerous for the planet. The Internet of Things is creating consortia in Europe (Jeremy Rifkin) that are changing not just energy use and distribution but transportation and banking as well. Let us at least hold on to what we have achieved.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Bonnie Odiorne  
136 Woodside Ave.  
Waterbury, CT 06708

Dear Governor and RGGI Board Members,

Connecticut can be a leader in preventing further climate change and protecting its natural environment.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Chris Feely  
86 Haynes Rd  
West Hartford, CT 06117

Dear Governor and RGGI Board Members,

Consider the further of Maine, please, not the lining of your's and your colleague's pockets. We are talking the very dependency and wellbeing of our planet and all it's inhabitants...this trumps measly dollars. While you may try, you simple cannot put a price on this. So, please make the right choices, make America a leader again.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Carter Shappy  
21 Pleasant St  
Portland, ME 04101

Dear Governor and RGGI Board Members,

Continue the work with rail and bus service to reduce our emissions and our carbon footprint. We have a beautiful state- let's keep it that way!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Shawnee Baldwin

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Marion Gourlay  
26 Cove Rd  
Old Lyme, CT 06371

Dear Governor and RGGI Board Members,

Dear Governor Cuomo, I would like you to finalize the strongest plan possible within the RGGI.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our

collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Luz Betancourt  
10216 Rockaway Beach Blvd Apt 3C  
Rockaway Park, NY 11694

Dear Governor and RGGI Board Members,

Dear Governor Cuomo,

You must be strong. We need your leadership so much right now to save lives that are under threat under the Trump administration, through attacks on the environment including endangering our drinking water, and attacks on healthcare that keeps human alive. Please be a guardian of our environment and public health. Put public health and well being above corporations.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Lauren Luloff  
735 Decatur St  
Brooklyn, NY 11233

Dear Governor and RGGI Board Members,

Dear Governor Hogan, I have been impressed by your work ethic since you have been guiding our state. However, I implore you to take as strong of an action as the rest of your policies as it concerns the "green-house" gases. so many forget that we live in an enclosed bubble, there are no vent holes to let any escape. Thank-you for your attention to this. God bless sincerely, Barbara Edwards

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

Lisa Otterstrom RN  
1210 Woodside Parkway  
Silver Spring, MD 20910

Dear Governor and RGGI Board Members,

Dear Governor Hogan,

Although you were not my candidate of choice I feel you have attempted to look at both sides of each picture. I must say I am exhausted by PARTY politics. We are all in this together whether or not we have an R or a D or an I or whatever letter of the alphabet represents our way of thinking, stamped on our foreheads. Please help our great state set an example to the rest of the country, not only on climate change, but in demonstrating bi-partisan politics at its best.

Sincerely,

Gail M. Rucker

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future

for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Gail Rucker  
19821 Pinebark Way  
Brinklow, MD 20862

Dear Governor and RGGI Board Members,

Dear Governor LePage,

I hope you will support a strong RGGI.

Thank you,

Lee Chisholm

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Lee Chisholm  
51 Hunter Rd  
Freeport, ME 04032

Dear Governor and RGGI Board Members,

Dear Governor Malloy, Clearly we cannot count on the Trump Administration for progress in climate change or reforms that make sense and help people. We can however participate in policies and protests that steer us away from fossil fuels, from relaxing controls on polluting companies, and encouraging the developments of wind and solar energies. States must now take the lead. Please help us! Please continue to provide us with leadership that can help peoples' lives. Thank you. Sincerely,  
Margaret Gibson

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Margaret Gibson  
154 Watson Rd  
Preston, CT 06365

Dear Governor and RGGI Board Members,

Dear Governor Raimondo,

My husband and I are retired RI educators. We are concerned with the present federal administration's lack of understanding and attention to climate change. We ask that you please take a positive firm stand to address all climate change issues and needs to ensure a bright future for not only all the young people we educated but also for our family members who we want to have the quality of life here in RI that we have enjoyed and by which we have had success.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

Burlington, VT 05401

Dear Governor and RGGI Board Members,

Don't be emotional about this. Just do what you know is right. And if you don't believe this is the right thing to do, then ask someone who knows. Your lack of foresight and that of your fellow party members have done enough damage to this state, country and planet. Thank you.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

John Hourihan  
64 Biscay Rd  
Damariscotta, ME 04543

Dear Governor and RGGI Board Members,

don't go down with the repub majority/ they are going lower and lower with 45/ you know this is true on so many levels/ we can't run the world with twitter rants/ we can't ignore scientific facts/

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jane Dexter  
66 Mayflower Rd  
Springfield, MA 01118

Dear Governor and RGGI Board Members,

Don't let NH be an outlier. New England benefits greatly from any action on climate issues and NH is part of New England!

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Denise Reitsma  
266 Prospect Hill Road  
Canaan, NH 03741

Dear Governor and RGGI Board Members,

Dont lose heart now Governor Hogan, We need you now if not more to protect Maryland from Regional Greenhouse pollution. RGGI is reliable, responsible, and dependable, and will make sure the job gets done properly if they have your full support.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Kristina Herold  
PO Box 512  
Easton, MD 21601

Dear Governor and RGGI Board Members,

Due to lack of interest on the part of the federal government (i.e. the White House and many of the Republicans in Congress) individual states need to take the lead with respect to the issue of climate change. A strong RGGI plan is needed both on the environmental front and in growing the job market for renewables.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Nancy Mcrae  
9 Groton St Apt 2  
Pepperell, MA 01463

Dear Governor and RGGI Board Members,

Embrace modernity. Maine deserves a fighting chance.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Adam Curtis  
1481 Riverside Dr  
Auburn, ME 04210

Dear Governor and RGGI Board Members,

Especially for our children & grandchildren.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Walter Baranowski  
43 Mill St  
Lakeville, MA 02347

Dear Governor and RGGI Board Members,

Especially in the face of the current administration in the White House, we need the strongest environmental policies possible.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Glenn Williams

Jenny Walker  
100 Saint Nicholas Ave Apt 2A  
New York, NY 10026

Dear Governor and RGGI Board Members,

Every person that arrives new in Maine for the first time that I meet is in awe of the beauty and fresh air that we have here. I work in a hotel, so this is a very frequent event. Maintaining the health and beauty of our environment is a great draw for our visitors, RGGI is a very important key to keep that happening.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Jarryl Larson

williamstown, MA 01267

Dear Governor and RGGI Board Members,

Gov. Baker, as "independents", we support you and what you have done, and will do to support the health of the biosphere. THANK YOU!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Mary and Francis Joubert  
139 Whitney St  
Northborough, MA 01532

Dear Governor and RGGI Board Members,

Gov. Cuomo

The clear and present danger from climate change will only get worse unless immediate strong action is taken. Our children's future is at stake. Please vote for NY State to use the strongest plan to reduce climate effects.

For confirmation please do not hesitate to contact us.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Saul Rosenberg  
PO Box 679  
Spring Valley, NY 10977

Dear Governor and RGGI Board Members,

Gov. Cuomo, I know you will do the right thing. Your Father, bless his soul will be looking on. He was a good, good man, and I believe, so are you. Thank you for leadership. Clara Galvano

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Clara Galvano  
80 Bennett Ave Apt 1J  
New York, NY 10033

Dear Governor and RGGI Board Members,

Gov. Cuomo, in this historic time of global crisis, the world will remember those leaders who had the bravery to stand by their convictions and take decisive action to protect the future.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

MJ BAGGETTA  
PO BOX 212  
EAST SCHODACK, NY 12063

Dear Governor and RGGI Board Members,

Gov. Hogan,

The time to act is now. The world is undeniably hotter and will become exponentially warmer. We will not have a world for our grandchildren and great grandchildren.

Your silence is complicit. Your silence is collusion. There is way too much of that going around. Maryland needs to be in the vanguard of our country on this issue.

Your re-election depends on this.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

NANCY HOOVER

Damascus, MD 20872

Dear Governor and RGGI Board Members,

Gov. Hogan. Please, we must do All we can to Protect the Environment. I'm counting on you!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Judith Davis  
2904 N. Leisure World Blvd Apt 201  
Silver Spring, MD 20906

Dear Governor and RGGI Board Members,

Gov. Malloy, I think your stance to continue with the Paris Accord the right choice for our state especially given the current Administration in D.C. Ensure Connecticut makes the biggest possible cut to its carbon emissions: support the strongest possible plan for the RGGI market. Thanks.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Norbert Kovacs  
22 Kenyon St Apt 14B  
Hartford, CT 06105

Dear Governor and RGGI Board Members,

Gov. Malloy,

I am very pleased to be a resident of Connecticut these days, especially given how in the era of Trump, CT has remained steadfast in his commitment of the environment along with the other states of the US Climate Alliance, which I appreciate how quick Connecticut was to join.

Because of this I like to think I'm preaching to the choir here, but it is important that saying we're gonna save the Earth means little in itself. If CT is going to commit, we need to commit hard, so let's try take our efforts a step past what we would normally deem necessary. CT should go all in investing in clean energy, solarizing everything we can, getting some trees planted in public areas that could use them, and incentivizing electric and fuel efficient cars and solar panels, whatever we can to get off as much dirty energy as humanely possible as quickly as possible.

Thank you,

Cullen McLane

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Cullen McLane

Danbury, CT 06811

Dear Governor and RGGI Board Members,

Governor - let's match your focus and achievement on fiscal responsibility to attention to the Chesapeake! Take positive leadership on this!!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Joseph Mcgirr  
972 Falls Pointe Way  
Huntingtown, MD 20639

Dear Governor and RGGI Board Members,

Governor Baker!

Thank you for your leadership by committing to uphold the guidelines of the Paris Agreement. Thank you, also, for your support of offshore wind and increasing solar in the Commonwealth! We need to do more and move more quickly. I pray that you will not support a tax on our fossil-fuel energy bills to support a pipeline that we do not need! We need to keep our eyes on the grand prize of becoming a net-zero carbon State! Please help MA lead the country in getting us to the point that we rely solely on renewable energy! Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Donna Vello  
141 Hawthorn Ave  
Needham, MA 02492

Dear Governor and RGGI Board Members,

Governor Baker, I feel very strongly about this! This is critical!! Please take the strongest action possible.  
Sincerely, Linda Gail Wigington

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Linda Wigington

Barre, MA 01005

Dear Governor and RGGI Board Members,

Governor Baker, I have invested my retirement funds in constructing a house that generates more power than it uses. We also grow food and animals which enrich and sequester carbon in the soil. We try to do our part in reducing the carbon put into the atmosphere. I am on my town Energy Committee and we took part in Solarize Mass program. I would love it if you were to push our state ahead by insisting on a strong RGGI program!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Peter Brooks  
10 Crosier Ln  
Colrain, MA 01340

Dear Governor and RGGI Board Members,

Governor Baker, I know you are reasonable and a moderate Republican. I thank you for being open to dialogue and not engaging in the violent rhetoric that is coming out of Washington these days. I believe climate change is real. The science supports this conclusion and I believe in science. I believe that science and faith are compatible. I also believe that God helps those who help themselves and so I believe that God expects us to be good stewards of God's creation, this planet. As a constituent of your state, I ask you to support the Regional Greenhouse Gas Initiative. Thank you!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Robin Parsons

Westfield, MA 01085

Dear Governor and RGGI Board Members,

Governor Baker,

Please exercise leadership on climate in the midst of our current federal vacuum. I'm an environmental voter!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Carolyn Lattin  
277 Park St  
Newton, MA 02458

Dear Governor and RGGI Board Members,

Governor Carney, We are proud that Delaware is in the forefront of protecting Delawareans and all Americans from attacks by this Republican administration on basic rights, and our environment. With the support of the Regional Greenhouse Gas Initiative, you can show again this leadership that makes Delaware a powerful voice representing the best of all Americans.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Linda Laurenceau  
216 Orchard Rd  
Newark, DE 19711

Dear Governor and RGGI Board Members,

Governor Cuomo,

I'm thankful for your leadership and hold you in extremely high regard. Please keep up the good fight.

Gillian

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Gillian Black

Saratoga Springs, NY 12866

Dear Governor and RGGI Board Members,

Governor Hogan, Please, please support this program, for the sake of our children and our future -- it so so clearly getting hotter and hotter, with more destructive weather patterns....please do everything you can to support RGGI and help protect all of us. Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Shelley Winkler  
PO Box 1423  
Washington Grove, MD 20880

Dear Governor and RGGI Board Members,

Governor Hogan, although my political ideology is quite distinct from yours I have admired your willingness to adhere to what you feel is right, even if it means reaching across the aisle. I do hope that you will consider protecting our environment as it is a matter that will affect all of us as well as all of our future generations. Thank you, Yusuke "Spike" Sagawa

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Yusuke Sagawa  
215 Opal Ave  
Westminster, MD 21157

Dear Governor and RGGI Board Members,

Governor Hogan, I know your passion for the Chesapeake Bay and the people who find recreation and work here. Please protect the health of our air and water and as such, our way of life.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Lee Ann Walker-Illig  
821 Cinnamon Ct.  
ODENTON, MD 21113

Dear Governor and RGGI Board Members,

Governor Hogan, please choose to move away from fossil fuels -- for the sake of the state, the country, the planet and our children and grandchildren

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Julia Miller  
160 Woolens Rd  
Elkton, MD 21921

Dear Governor and RGGI Board Members,

Governor Hogan, please show responsible leadership on climate change; getting ready for a warming world will keep our economy strong and our communities secure. It is so important for coastal states to lead the way to a better future. Thank you for listening to Maryland residents who know that climate change will impact every sector of our society.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Susan DeFord  
10315 Folk St  
Silver Spring, MD 20902

Dear Governor and RGGI Board Members,

Governor Hogan, Please take this seriously. Even though i am generally a Democrat, at least culturally so[, I like the balance of having a Republican as governor, particularly one who can demonstrate to both sides how to act like an adult and what it means to put your country/constituents over your party.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Steve Sharpe  
7601 Edenwood Ct  
Bethesda, MD 20817

Dear Governor and RGGI Board Members,

Governor Hogan,

I know you love Maryland as much as I do

Let's clean up our air, like we are doing with the Chesapeake Bay

It's time to move from coal to the a better choice.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Richard Lee  
24029 Glade Valley Ter  
Damascus, MD 20872

Dear Governor and RGGI Board Members,

Governor Malloy, without clean, safe air, water & land, nothing else matters.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

Sincerely,

Murray Ngoima  
2239 Pomfret Road  
South Pomfret, VT 05067

Dear Governor and RGGI Board Members,

Governor Sununu,

When all the RGGI money is used for its intended purpose - supporting energy efficiency projects and renewable energy projects in the state - then total electricity demand goes down and CO2 emissions go down. These outcomes are good for the people of NH and for our economy. Please support a strong RGGI!

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Marjorie Shepardson  
94 Pleasant St  
Marlborough, NH 03455

Dear Governor and RGGI Board Members,

GOVERNOR, HAVE AN EXCELLENT SUMMER.

SINCERELY,

ADF

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Avraham (alan) Fein  
11 Stuyvesant Oval Apt 8H  
New York, NY 10009

Dear Governor and RGGI Board Members,

Governor, have you ever been to Beijing? I have. You wake up in the morning and see what color the sky is that day. It is either a slight rust color or a lovely grey. It is never a sky color. I breathed that air. Not pleasant. You don't want that for Connecticut. Further, you don't want people to remember you as the governor who allowed that to happen. Be a hero, Governor. Support our climate in the strongest possible way. Thanx. Elissa Masters, West Hartford.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Elissa Masters  
90 Rumford St  
West Hartfrd, CT 06107

Dear Governor and RGGI Board Members,

Governor, please lead Vermont in making clean energy the utmost priority. Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

2228 E 29th St  
Brooklyn, NY 11229

Dear Governor and RGGI Board Members,

Health of all people is the utmost of importance in anything concerning life. If one is not healthy nothing else matters. Please support a clean Planet and clean air and water.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

June Sendrowski  
218 high  
Brooklin, ME 04616

Dear Governor and RGGI Board Members,

Help generate a brighter future for the state of NH

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Rick MacMillan  
1584 Maple St  
Hopkinton, NH 03229

Dear Governor and RGGI Board Members,

Help save and secure our future a

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Sylvia Ann Soares  
55 Cypress St  
Providence, RI 02906

Dear Governor and RGGI Board Members,

How transformed our region would be were we to take a strong stance, followed by innovative action, on climate change--together! At least where I live, there are plenty of folks who could use the jobs in alternative (i.e., beyond nuclear) energy!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Robin Kulibert

John Kester  
624 Sonata Way  
Silver Spring, MD 20901

Dear Governor and RGGI Board Members,

Hurricanes Sandy and Katrina were devastating to New York, and we know climate change was a major culprit in both storms. Climate change and greenhouse gas emissions threaten not only our health and physical environment, but also businesses. Half of Manhattan was without power for an entire week because of hurricane Sandy: as an engine of the US economy, what happens to New York City affects the GDP of the entire U.S.! It is imperative we act to ensure our economic security in addition to our physical security. Thank you!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Elise Coleman  
410 2nd St Apt 2  
Brooklyn, NY 11215

Dear Governor and RGGI Board Members,

I added solar to my home in 2012. I'm doing my part. Hope the state is doing the same.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Peter Wirth  
113 Cammot Ln  
Fayetteville, NY 13066

Dear Governor and RGGI Board Members,

I almost forgot to say please!

Please for today, now, & the future. Please for our children. Please for our children's children.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Donald Buxton  
39 Danbury Rd  
Wilton, CT 06897

Dear Governor and RGGI Board Members,

I am 66 and remember the days of rampant pollution, before we had law and regulations to limit it. We have progressed and cannot go backward.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Bob Jacobson  
2418 Sylvale Rd  
Baltimore, MD 21209

Dear Governor and RGGI Board Members,

I am 91 years old and for me climate change is the most important issue! I worry that my children and grandchildren may not have a livable planet!!!!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Constance Sutton

Sincerely,

June Sanson  
49 N Oakwood Ter  
New Paltz, NY 12561

Dear Governor and RGGI Board Members,

I am extremely concerned about Washington policy making and the president's actions. I will change my purchasing patterns and voting accordingly. I plan to encourage all my friends and family to do the same. I have lived during the time before the environment was deleteriously affected by industry, by herbicide and pesticide use. I grew up when we could drink water out of the tap. I have seen the decline in insects and birds, with a concomitant decline in food quality rather than any improvement in food or population health. The governance of this nation's food, environment, and businesses by a few who stand to make money from returning to definable ruinous policies concerns me greatly.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Laura Jett  
191 Beach Rd, Unit C201  
Salisbury, MA 01952

Dear Governor and RGGI Board Members,

I am heartbroken at the stance Mr. Trump took to the Paris accord. Having spent quite a few years in Colorado and having taught Nature Writing, I know the destruction human beings can wreak on the environment.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Alice Shadell  
3 Kirkfield Ct  
Rockville, MD 20850

Dear Governor and RGGI Board Members,

I am proud of our green initiatives here in Maryland. I support the regional initiative because there is strength in a consortium of states working together to reduce greenhouse gas emissions. Please support the RGGI to the fullest extent. Thank you!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

9 Hardscrabble Rd  
North Salem, NY 10560

Dear Governor and RGGI Board Members,

I believe that this is the most important issue of our generation. What sort of world are we going to leave to our children?

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Lisa Nelson  
3671 Hudson Manor Terrace, 11L  
Bronx, NY 10463

Dear Governor and RGGI Board Members,

I believe that wind turbines and solar power will give NH more jobs and help our environment. Climate change is a threat to NH's maple syrup industry, tourism (if the number of maple trees is reduced due to a warming climate) and the winter sport industry.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Lois Battersby  
115 Applecroft Ln  
Center Conway, NH 03813

Dear Governor and RGGI Board Members,

I believe this is important for our state and region

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Beatrice Parwatikar  
97 Brown Rd  
Shoreham, VT 05770

Dear Governor and RGGI Board Members,

I belong to the Climate & Environment team in the Minuteman Indivisibles. We are working to get a carbon pricing bill passed in Massachusetts. As I'm sure you're aware, there are bills in the senate and the house on this subject. Please support these bills and ask Senator DeLeo and Representative Golden to support them as well. Thanks for all you do for our state.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Mary Parent  
37 Potter Pond  
Lexington, MA 02421

Dear Governor and RGGI Board Members,

I can't stress enough the importance of preserving our environment against the depredations of a few out-for-themselves, but powerful persons.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Frances Haas  
5 West St  
Columbia, CT 06237

Dear Governor and RGGI Board Members,

I care about the environment and I vote.

Caring about the environment is good long term economically, and not how much money some rich person can make this quarter.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

John Wojdak  
PO Box 594  
Brookfield, MA 01506

Dear Governor and RGGI Board Members,

I climb near a dirty power plant and its disgusting thinking that smoke stack pollution makes its way to my or others hands when the dirty rain lands on the rock.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Matthew Alexander  
727 Fallsgrove Dr Apt 5022  
Rockville, MD 20850

Dear Governor and RGGI Board Members,

I compost all food scraps and leftovers and pick up coffee grounds from starbucks and shrimp shells from the local chinese restaurant and egg shells from a restaurant and friend save me their eggshells and coffee grounds and banana peels ... and i get wood chips from tree services when otherwise they would take them to the dump. I use the compost for my vegetable gardens and fruit and nut trees. We all need to do our part to protect our environment. I have seen arguments by scientists for and against climate change and it really doesn't matter who is right. No one that is informed disagrees that we need to protect our environment. We need to heal our top soil and thus have better nutritious food to eat. To stop using chemicals and grow biologic/organic! Cuba is way ahead of us on this and we could learn from them. So please do your part. warm wishes, Rob Jokel, P.T.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Robert Jokel  
123 W Lake Blvd  
Mahopac, NY 10541

Dear Governor and RGGI Board Members,

I do appreciate your present commitment for the environment and thank you for ensuring the best outcome possible.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Marie-Helene Cormier  
70 Clinton Ave  
Jamestown, RI 02835

Dear Governor and RGGI Board Members,

I do not appreciate what the governor is doing to balance the budget by taking, taking from state employees. He needs to "man up" and find another way to balance his budget. It seems a bit like he is not sure how to be a diplomatic politician and I would not vote for him if he chooses to run for another office.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Cathy Topolski  
150 Carol Rd  
Stratford, CT 06614

Dear Governor and RGGI Board Members,

I do not believe any of this message. Don't spend our tax dollars on this.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Robert Pulver  
21 Mill Rd  
Ipswich, MA 01938

Dear Governor and RGGI Board Members,

I encourage you to go farther as a leader by contacting the Governors of adjoining non-member states, especially NJ, PA and VA, and urging them to become a part of RGGI.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Charles Skinner  
606 Stoneleigh Road  
Baltimore, MD 21212

Dear Governor and RGGI Board Members,

I expect Massachusetts to be a leader for the future especially when it comes to climate.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jacqueline Sharry  
8 Chalmers Rd  
Worcester, MA 01602

Dear Governor and RGGI Board Members,

I feel the paradigm needs to change & offer jobs in green industries that help save our planet. For I say repeatedly what good is wealth if there no earth to spend it on?

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

L Sosa  
301 Gallup Hill Rd # 11  
Ledyard, CT 06339

Dear Governor and RGGI Board Members,

I hate to be in the same environmental bracket as those that didn't sign the Paris Accord. We deserve much better from our president.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

P Jocelyn Secker-Walker  
7 Eastman Farm Rd  
Burlington, VT 05408

Dear Governor and RGGI Board Members,

I have been frequently surprised and gratified by your responsible policies, Gov. Baker. You embody the rational fiscal ideals of the Republican party and the intelligent understanding that a successful society takes care of all of its' members. I hope that you can also stand for protecting the Massachusetts coastline and all the people who depend upon it. Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Naomi Graham  
1 Bickford Way  
Gloucester, MA 01930

Dear Governor and RGGI Board Members,

I have complete faith that you will make sure Connecticut is a leader in this initiative. We are always at the forefront of change for the public good. I know you will make sure we are there again. Thank you!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Leslie Cooper  
26 The Ridgeway  
Greenwich, CT 06831

Dear Governor and RGGI Board Members,

I have dedicated my life to taking personal responsibility for the health of the planet. I have driven a Prius for 13 years, and my kids both drive them as well. I walk the walk. This is our last chance, most likely, to get it right.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Darcy Gagnon  
15 Jasper Ln  
Tyngsborough, MA 01879

Dear Governor and RGGI Board Members,

I have great respect for you, Governor; "even" having voted for Democrats before.

Please do the right thing. Thank you!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Magda Gabor-Hotchkiss  
2-4 Rolling Hls  
Lenox, MA 01240

Dear Governor and RGGI Board Members,

I hope and am looking to see action taken on your part as Governor of Maryland. My vote counts on your action.

Sincerely,

Julie McCormick

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. Sincerely,

Phyllis Satink  
160 Lighthouse Point Rd  
Isle La Motte, VT 05463

Dear Governor and RGGI Board Members,

I live in Maryland largely because of the environment. I cycle outdoors, race sailboats on the Chesapeake, and kayak and occasionally stand up paddleboard. I no longer swim in the Bay due to pollution levels. Clean air and clean water for me and those who come after us is a priority for me, and I will vote to support it.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Alexander Meller  
2625 Ogleton Rd  
Annapolis, MD 21403

Dear Governor and RGGI Board Members,

I look forward to seeing Delaware as a leader in making real reductions in greenhouse gas emissions and increasing the use of renewable energy such as solar and wind power. I am looking for concrete actions from you and the State legislature to make this happen!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Susan Mack  
2309 Macdonough Rd  
Wilmington, DE 19805

Dear Governor and RGGI Board Members,

I look to the Commonwealth of Massachusetts to support rational, scientific, and compassionate approaches to climate change and health care. Thank you for your efforts.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Joan O'Donnell  
173 Pleasant St Apt 203  
Cambridge, MA 02139

Dear Governor and RGGI Board Members,

I mean, what's the rush? The nine Northeast states should take some time to discuss this situation about climate change, pollution, the economy, etc. This is not about the government getting what they want, it is about the people getting what they want. They are looking to find ways on how to get things back to normal like it use to be during the Obama administration. That's the reason why the American people are out there in front of the White House protesting and sending messages to Trump and his regime that what they are doing is wrong for the U.S. Governor Cuomo, please do the right thing, make the call to those nine states and do conclude the biggest plan as possible to slow down the climate, protect our health, create more jobs, save the economy and minimize pollution.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

David Santos  
PO Box 646  
New York, NY 10025

Dear Governor and RGGI Board Members,

I realize that budget pressures may threaten some important programs, however, this is truly important for the future of the state. Although I know everyone is loathe to raise taxes, but a billionaires tax is overdue, not to mention the benefit that could be realized from marijuana legalization. Let's not sacrifice our environmental and climate progress. Please.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Susan Desilver  
1647 Middletown Ave  
Northford, CT 06472

Dear Governor and RGGI Board Members,

I realize you believe in climate change. Please continue to do all you can to change the non-believers.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Robert Schuessler  
48 Grayton Rd  
Tonawanda, NY 14150

Dear Governor and RGGI Board Members,

I see various countries around the world taking the initiative to lead the way in making their country fossil fuel free. There is no second chance for us on this planet if we ignore the possibility of human exacerbated climate change, only to find out we were wrong. There is no good reason NOT to work toward greener, cleaner, renewable resources. PLEASE MAKE NEW HAMPSHIRE a state that will lead this country into a cleaner, more earth and life friendly future.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Linda Barrow  
40 Dearborn St  
Milford, NH 03055

Dear Governor and RGGI Board Members,

I simply cannot understand the Republicans' lack of interest in environmental issues. What Pruitt is attempting to do is heart-breaking. PLEASE join other prescient states by ignoring Trump, We need an enthusiastic commitment to RGGI from our state. Get on board, governor!

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Meredeth Allen  
1 Rivermead Rd  
Peterborough, NH 03458

Dear Governor and RGGI Board Members,

I strongly support the RGG initiative. Policies that reduce the amount of greenhouse gasses is exactly what we need. My doctorate is in astrophysics, and about the first things I learned in astro 101 is the calculating of the greenhouse effect. In astro 101, exactly because the physics is so straightforward. Since we can't change the laws of nature, we need to change our behavior to keep the world livable for our (grand) children's (grand)children.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Rob Olling  
9405 Warren street  
silver spring, MD 20910

Dear Governor and RGGI Board Members,

I support finalization for the strongest plan possible to keep us on track to slow climate change, reduce pollution, grow the economy, create jobs and protect public health!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jean Naples  
26 Montebello Commons Dr  
Montebello, NY 10901

Dear Governor and RGGI Board Members,

I support the environment, and I vote!

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Norman Brown  
32 Hunt Pond Rd  
Sandown, NH 03873

Dear Governor and RGGI Board Members,

I support the RGGI! With trump pulling out of the Paris agreement we need to take on the initiative - by city and state and region and country!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Patricia Schwarzlander  
270 Fenway Dr  
Syracuse, NY 13224

Dear Governor and RGGI Board Members,

I think Massachusetts can take a lead in saving the environment!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Anne Sheetz  
16 Hancock  
Boston, MA 02114

Dear Governor and RGGI Board Members,

I think you care about the environment and you seem to do good things for Massachusetts but stronger initiatives could be helpful. Thank you.....

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

John Eder  
86 Atkins Mayo Rd  
Provincetown, MA 02657

Dear Governor and RGGI Board Members,

I understand the budget deficit and the need to generate funds by allowing industry to clean up and re-use a few former industrial sites in DE, but your support of this must be tempered by other measures to offset this. Please support the RGGI.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Ronet Bachman  
20 Longwood Ln  
Newark, DE 19711

Dear Governor and RGGI Board Members,

I volunteer with the New England Aquarium and the Friends of the Blue Hills, and I know the threat of carbon pollution to all the areas I care for in Massachusetts and New England. Many of our towns have made clear goals for sustainability, but we need the state as a whole to pass strong legislation that monitors and enforces the reduction of pollution we add to our ecosystems.

When we work with other states in our region to do the create and monitor such legislation, our efforts will be even stronger. I hope we can then be an inspiration to other regions to do the same.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Katherine Lonergan  
1 Sabina Way  
Belmont, MA 02478

Dear Governor and RGGI Board Members,

I want my children and grandchildren to live on a healthier earth. Help them!

I love this planet...let us keep it going...please!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Maria Pisani  
124 E Saint Marks Pl  
Valley Stream, NY 11580

Dear Governor and RGGI Board Members,

I want to leave a healthy world for my children.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Lisa Saad  
114 Oakside Ave  
Methuen, MA 01844

Dear Governor and RGGI Board Members,

I want to particularly thank you for not tumbling into the giant abyss of the bipartisan divide that seems to be running through Washington these days like an aesthetically displeasing Grand Canyon.

It seems that we must turn to our governors (of both parties) to find real political leadership this year.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Catherine Delgado  
74 Pacific St  
Fitchburg, MA 01420

Dear Governor and RGGI Board Members,

I was extremely disappointed when you join the corporate fold and the fossil fuel industry in supporting a new fracked gas power plant in a prime protected forested and recreational region in this state. There are a multitude of reasons why this industrial site is foolhardy. As residents of that area and beyond have spoken up and spoken out, I hope you have focused on facts and the science behind the opposition to fully understand what this will say and mean if approved - to your children and grandchildren.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Claudia Gorman  
180 Vernon Ave  
Middletown, RI 02842

Dear Governor and RGGI Board Members,

I will be watching your leadership on this and several other issues in deciding my next gubernatorial vote.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jennifer Herring  
245 W 107th St Apt 10B  
New York, NY 10025

Dear Governor and RGGI Board Members,

I will not preach to the choir. This is Ma., you know the drill - do all you can to protect our next generations - economically, environmentally and sustainably for the future.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Michael Walulak  
11 Hovey Rd  
Monson, MA 01057

Dear Governor and RGGI Board Members,

I would like to be a part of the renewable energy movement in Rhode Island, and I offer my time for this effort.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Pamela Perkins  
153 High St., #4  
Westerly, RI 02891

Dear Governor and RGGI Board Members,

I would like to continue to be proud of Massachusetts as a leading state in fossil fuel reduction. Other states are barking at our heels!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Helen Soussou  
69 Garfield St  
Watertown, MA 02472

Dear Governor and RGGI Board Members,

I would love to see Maine uphold our end of the Paris climate agreement! Environmental priorities are good economic priorities.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Heather Sharkey  
70 Collinsbrook Rd  
Brunswick, ME 04011

Dear Governor and RGGI Board Members,

I write as a parent, early childhood educator and advocate, and person of faith.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Janet Matthews  
274 N Centre Ave Apt 43B  
Rockville Centre, NY 11570

Dear Governor and RGGI Board Members,

Ideally, we want to curb all CO2 emissions, yes, but most importantly, curb CH4 (methane) emissions, which are much more potent contributors to global warming. Thank you for all you do to keep Maryland, our nation, and the world on track to fight the biggest threat to our children's future.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Lisa Kinney  
8 Woodrow Ln  
Port Deposit, MD 21904

Dear Governor and RGGI Board Members,

if I can go 100% renewable energy the state can do it too.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Rockland, DE 19732

Dear Governor and RGGI Board Members,

I'm Christine Baker's neighbor in Holliston. Love the job you are doing. Please remember our environment!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Maria Salomao-Schmidt  
14 Vine St  
Holliston, MA 01746

Dear Governor and RGGI Board Members,

I'm concerned because we have already witnessed tremendous disasters here in New York. I'm an educator and A registered nurse who witnessed terrible impact of storms flooding and ice and snow storms . It's not going to get better if we don't take the problem seriously . thank you for your time

Laura Terriquez-Kasey DNP ,CEN

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Laura Kasey  
125 Park Dr  
Oneonta, NY 13820

Dear Governor and RGGI Board Members,

I'm doing my part to mitigate climate change; solar panels were installed on my house two years ago. Please step up and do your part by supporting strong legislation to reduce greenhouse gas emissions.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Thomas Harris  
56 Zion Hill Rd  
Salem, NH 03079

Dear Governor and RGGI Board Members,

I'm writing to voice my strong support for strengthening RGGI. Reducing the carbon cap at the current rate of 2.5% per year does not put us on track to meet the goals set by the Maryland Greenhouse Gas Reduction Act and, more importantly, does not do enough to protect Marylanders from the current and inevitable future medical and economic harms associated with burning fossil fuels.

100% renewable energy is the only viable goal, and a stronger RGGI will help to get us there.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Elizabeth DeBold  
806 Kennebec Ave. Apt. 2  
Takoma Park, MD 20912

Dear Governor and RGGI Board Members,

Impeach or arrest trump and his cronies now! He's a disgrace to America! Protect our lands, oceans and skies, protect our people, wildlife and future. Green tech energy! Universal health care for all!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Tony Mendousa  
20 Cross Rd  
Orleans, MA 02653

Dear Governor and RGGI Board Members,

Impeach Trump now!

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Mark Gowan  
277 Kings Hwy  
Middleton, NH 03887

Dear Governor and RGGI Board Members,

In addition to this the move to more renewable energy will create much needed jobs especially in upstate.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Mark Bowers  
59 Rotary Ave  
Binghamton, NY 13905

Dear Governor and RGGI Board Members,

In fact, I would like to see RGGI go so far as to adopt the Carbon Tax and Rebate plan that is currently being debated in both the MA Senate (Senator Barrett's bill) and the House (Representative Benson's bill). These are well-thought out and reasonable bills that would dramatically reduce greenhouse gas emissions, as demonstrated in British Columbia which tried this approach with remarkable results.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Margaret Schultz  
23 Oneill Rd  
Haydenville, MA 01039

Dear Governor and RGGI Board Members,

In line with this, it is critical that Maryland stop the Potomac pipeline, and that Dominion Energy's Cove Point project in Maryland be halted until a thorough safety study can assure residents that the refinery, plant, and terminal do not present an elevated risk to the people and property in the nearby areas.

These activities are all connected, and must each be dealt with to move Maryland into a clean, healthy, and prosperous energy future.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Susan Bannister  
5418 High Tor HI  
Columbia, MD 21045

Dear Governor and RGGI Board Members,

In my estimation, this is the most important issue for us as the fortunate inhabitants of this beautiful planet, the only one that supports life in all its amazing diversity. We must be the dependable and forward-thinking stewards. You have shown that you can cooperate and collaborate on local and national levels and you are not afraid to stand up to an administration that is mired in the past and motivated only by personal gain, without any sense of altruism or responsibility.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Anita Goodman  
10 Baker Rd # Nahantnahantnahant  
Nahant, MA 01908

Dear Governor and RGGI Board Members,

In the age of Trump, We must do for ourselves!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Drew Panko  
14 Dunham Rd  
Hartsdale, NY 10530

Dear Governor and RGGI Board Members,

In the long run, no other choice makes sense.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Alan Shulman  
PO Box 876  
New London, NH 03257

Dear Governor and RGGI Board Members,

In these regressive times we must do all we can to protect the environment, including the adoption of a stronger regional climate agreement.

Thank you for your considerations.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

John Catherine  
132 E 35th St  
New York, NY 10016

Dear Governor and RGGI Board Members,

In Vermont we have a history of listening to each other across the aisle. I hope you will hear the voices of his state, so many of whom care deeply about the environment.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Amanda Goossen  
507 Saint Paul St  
Burlington, VT 05401

Dear Governor and RGGI Board Members,

It appears that the Federal government will be nothing to alleviate greenhouse gas pollution so it's up to the states to do what they can. Let's make Maryland a leader in the field! Do us proud.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Sigrid Stiles  
PO Box 1  
Dameron, MD 20628

Dear Governor and RGGI Board Members,

It has become increasingly evident that our future depends on a rapid transition to wind and solar electricity production - and most importantly to minimize fossil fuel consumption.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

John Harragin  
PO Box 643  
Goshen, NY 10924

Dear Governor and RGGI Board Members,

It is critical for our health to maintain the highest standards for our air, water, and soil. I appreciate all that you do to help move us forward,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Diane Case  
247 Lorraine Ave  
Syracuse, NY 13210

Dear Governor and RGGI Board Members,

It is critical for the RGGI to adopt the strongest, most far-sighted measures to limit, price and reduce carbon pollution from power plants. Thank you for considering my message.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Martha Gifford  
187 Hicks St Apt 3A  
Brooklyn, NY 11201

Dear Governor and RGGI Board Members,

It is critical that we protect ourselves. This is a step in that direction.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Mary Holland  
16 S Main St  
Derry, NH 03038

Dear Governor and RGGI Board Members,

It is essential to stop playing politics and PR and start taking real steps to address environmental health and safety and the real commitment to safe energy.

And shut down Indian Point NOW! It's already years past its expiration and is running without a permit or the legal right to do so.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Trina Semorile  
445 West 46 St, Apt 1E  
New York, NY 10036

Dear Governor and RGGI Board Members,

It is important as our climate needs as much help and support as we can manage. We need to protect our natural resources and keep Connecticut healthy and green!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Loretta Wrobel  
297 Pumpkin Hill Rd  
Ashford, CT 06278

Dear Governor and RGGI Board Members,

It is important that we guarantee a future for our children and grandchildren with strong climate control programs; let us not be so shortsighted as others are.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Virginia Ryan  
89 Alrick Rd  
Quincy, MA 02169

Dear Governor and RGGI Board Members,

It is now up to our state leadership to save the nation from environmental disaster. Please lead us with vision and courage to secure our future!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Alisa Eilenberg  
3006 Arlington Ave  
Bronx, NY 10463

Dear Governor and RGGI Board Members,

It is so important for our state to action to help insure our future.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Diane Fawley  
190 Bridge St  
Salem, MA 01970

Dear Governor and RGGI Board Members,

It is time for Maryland to step up and do all we can to slow down climate change. We can be leaders in clean energy.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Carolyn Orsi Parsa  
6106 Sebring Drive  
Columbia, MD 21044

Dear Governor and RGGI Board Members,

It is time to stop this malignant president and place country and the earth and future of our earth before party.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

Sincerely,

Barbara Gerk  
33298 Lagoon Dr #14  
Bethany Beach, DE 19930

Dear Governor and RGGI Board Members,

It would be constructive to have at least one Republican leader on board with the effort to reduce greenhouse gas emissions. I hope that's you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Robert Blair  
28 Summer Rd  
Berlin, MA 01503

Dear Governor and RGGI Board Members,

It would behoove you, to listen to the will of the people. We want to take care of this earth and this program!

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Lisa Petit  
92 Franklin St  
Saco, ME 04072

Dear Governor and RGGI Board Members,

It would mean so much to myself and the majority of MA residents if you would consider this seriously.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Victoria Burmeister  
2031 Commonwealth Ave  
Brighton, MA 02135

Dear Governor and RGGI Board Members,

It would really help if you negotiated to get rid of free parking for state employees. This would encourage the use of mass transit.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Clark Nelson  
34 Farms Village Rd  
Wethersfield, CT 06109

Dear Governor and RGGI Board Members,

It's CRITICAL that we fight on the local level since the current administration has LEFT US HIGH AND DRY -- in terms of all the climate challenges this planet faces.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Carol Johnson  
46 West St  
Foxboro, MA 02035

Dear Governor and RGGI Board Members,

It's for the good of America and it's people not for the Rich Corporations that just want to make more money at any cost to our Country.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Carl Ross  
35 Evergreen Ln Apt 119  
Queensbury, NY 12804

Dear Governor and RGGI Board Members,

It's not just lack of leadership in Washington. It's brazen disregard for the facts of climate change science and lack of compassion for life on this beautiful planet. We're counting on you to be smarter and more compassionate than Trump and his buffoon ghoul.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Nancy Allison  
137 E 19th St  
New York, NY 10003

Dear Governor and RGGI Board Members,

It's only fun to get free beach front property if your house was a few miles away from the coast, otherwise you're a adrift in a sinking ship.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dennis Wagle

Donald Howard  
7202 Paperbark Ter  
Laurel, MD 20707

Dear Governor and RGGI Board Members,

Joint efforts to develop and build a sustainable energy future is essential for our state, the region and the country. The time act is now.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Paul Smock  
150 Crosstimber Way  
Frederick, MD 21702

Dear Governor and RGGI Board Members,

just remember ther is more to being human than acquiring money

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Nanci Fletcher  
27 Howard Ln  
New Boston, NH 03070

Dear Governor and RGGI Board Members,

**KEEP FOSSIL FUELS IN THE GROUND!**

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Wendy Frontiero  
32 Abbott St  
Beverly, MA 01915

Dear Governor and RGGI Board Members,

Keep Massachusetts a leader in combatting global warming.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Robert Console  
27 Adams Dr  
Stow, MA 01775

Dear Governor and RGGI Board Members,

Keep New York beautiful, solar and wind, water rushes through - we have a state that can shine forth. No drilling, no fracking, no oil/gas pipelines; be strong, brave and true to the earth and we will be provided for.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Wanda Crain  
22 Gifford Rd  
Sidney, NY 13838

Dear Governor and RGGI Board Members,

Keep our air, land and oceans clean! Why is this administration hell bent on destroying our planet for future generations. It took us decades to get where we are on pollution, don't destroy it in 4 years.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Diane Guptill  
15 Laurent Rd  
Salem, MA 01970

Dear Governor and RGGI Board Members,

Keep our wonderful state of Maryland at the forefront of environmental protections. Protect our region's air and water by every possible means.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dorothy Dewell  
306 Ingleside Ave  
Catonsville, MD 21228

Dear Governor and RGGI Board Members,

Keep us healthy & thriving in every way with the strongest RGGI!????????

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Elaine Zielin  
25 Fisher St  
Buffalo, NY 14211

Dear Governor and RGGI Board Members,

Knowing the climate tipping point is getting closer! As the methane is starting to explode under the permafrost, scientists are beginning to be able to calculate how much time the planet has to reduce and eliminate large amounts of carbon emissions. When that time comes, and it is very near, the State of Maine under Governor LePage will appear backward and full of ignorant people if we continue to support business as usual with the fossil fuels industries. Please educate yourself as to the facts of climate warming!!!

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Iris Roberts

Marc Moshman  
2900 Woodstock Ave  
Silver Spring, MD 20910

Dear Governor and RGGI Board Members,

Lets get strong here Governor. Climate change is real Fossil fuels, Pipelines, Bomb trains can only create pollution not a solution for economic growth in the Hudson Valley. It's time to finalize a strong plan to keep us on track to SLOW CLIMATE CHANGE. Protect Public Health! Protect first responders that don't have the equipment to clean up a spill or a fire bomb train. Lets work toward investments in our communities and cleaner, more affordable renewables and efficiency to meet our power needs.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

12001 Old Columbia Pike  
Silver Spring, MD 20904

Dear Governor and RGGI Board Members,

Maryland has more coastline than any other state , think about that! Our economy also depends heavily on the seafood industry and summer beach goers. Climate change will destroy our state, you need to step up now!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Beverly Antonio  
317 Spaniard Neck Rd  
Centreville, MD 21617

Dear Governor and RGGI Board Members,

Maryland has the potential to be one of the leaders in moving towards using clean energy and away from fossil fuel use. Please keep us on track to move forward and not ease up in this endeavor because of the current administration's backward thinking.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Christine Karnes  
618 Biggs Ave  
Frederick, MD 21702

Dear Governor and RGGI Board Members,

Maryland is well-positioned to be a climate leader. Maryland has already seen that climate action brings billions in economic benefits and creates tens of thousands of jobs. We need to up our ambition under RGGI and must also join the U.S. Climate Alliance.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Tim Lattimer  
8452 Each Leaf Ct.  
Columbia, MD 21045

Dear Governor and RGGI Board Members,

Maryland must be leaders in our world care of our children our health our animals our soil our land our air our water streams bay and oceans and be accountable for allowing our desecration of all through our choices. We need to keep leaders in our caring responsible people being scientists environmental people IT people wind and solar jobs grandmothers children who care and don't pollute and teach respect. Be a leader with integrity and care for all

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Kathy Owings  
14209 Mount Ave  
Phoenix, MD 21131

Dear Governor and RGGI Board Members,

Maryland recently took action when the PSC approved 2 off-shore wind projects, yet even that is not enough to ensure Maryland will do it's part to support the economy, health of it's citizens, and welfare of the environment. We must continue to participate in the RGGI. So please show the leadership we need by continuing our role in the RGGI.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Marianne Follingstad  
1622 Gruenther Ave  
Rockville, MD 20851

Dear Governor and RGGI Board Members,

Maryland should be leading the way to our green energy future.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Arthur Drisko  
4400 E West Hwy Apt 924  
Bethesda, MD 20814

Dear Governor and RGGI Board Members,

Maryland should lead the way in ensuring that our children and grandchildren live in an environment that is as conducive as it is for us.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Ernest Hilsenrath  
11248-2 Chase Street  
FULTON, MD 20759

Dear Governor and RGGI Board Members,

Mass needs to be a leader in sensible government for the future during this time of national crisis. Clean energy is the future and MA needs to be at the forefront. Since the 1640s MA has been a leader in science and technology in America and we can't stop now.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Rebecca Kinraide  
275 Massapoag Ave  
Sharon, MA 02067

Dear Governor and RGGI Board Members,

Massachusetts' #1 ranking by the American Council for an Energy-Efficient Economy is an important one and one we should endeavor to continue to raise the bar across the entire US by advocating for the strongest RGGI plan possible.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Kay Byram  
429 Edgell Rd  
Framingham, MA 01701

Dear Governor and RGGI Board Members,

Massachusetts can easily be in a leadership position concerning this matter.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jean Mixter  
155 Walnut St  
Clinton, MA 01510

Dear Governor and RGGI Board Members,

Massachusetts has always been a leader. In times when democracy is under attack, when authoritarianism is finding a foothold because self government has become less representative of the will of the people, the states can show the way and assert that will. Please help keep Massachusetts in that stand out leadership role on this issue for all of us in the Commonwealth and across the country. We cannot cede US leadership to Europe or China and hope to sustain our prosperity and power in the 21st century.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

T Brand  
75 Cleveland St  
Arlington, MA 02474

Dear Governor and RGGI Board Members,

Massachusetts has often been the torch bearer, don't drop the torch.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Sarah Laskowski  
7 Oak Way  
Rutland, MA 01543

Dear Governor and RGGI Board Members,

Massachusetts must do whatever we can to slow climate change. The futures of our children and grandchildren depend on us to take action!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Gail Fries  
5 Mt. Warner Rd.  
Hadley, MA 01035

Dear Governor and RGGI Board Members,

Massachusetts must move to 100% renewable energy as quickly as possible. No new pipelines or other fossil fuel infrastructure! As a Saudi oil minister reportedly once said, "The Stone Age did not end because we ran out of stones."

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Sarah Mckee  
9 Chadwick Ct  
Amherst, MA 01002

Dear Governor and RGGI Board Members,

Maybe some states think fossil fuels are good business and climate change is a hoax. Please don't let New York be any part of such stupidity!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

James Hamilton  
1603 Slaterville Rd  
Ithaca, NY 14850

Dear Governor and RGGI Board Members,

More solar energy and more wind power in Maine! We can increase jobs and better our economy by increasing solar energy in Maine!

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Elaine Szady  
25 Old Belgrade Rd  
Augusta, ME 04330

Dear Governor and RGGI Board Members,

Mr. Hogan, I've been reading books this year on climate change, and I'm very concerned. One of them was the Pope's Encyclical, Laudato Si. He has a background in chemistry. Please take a bold, brave step for our children and grandchildren and work with the other RGGI states to make the work of the RGGI as strong and as effective as possible. Thank you.

Craig Bass

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Craig Bass  
13701 Pasture Green  
Clarksville, MD 21029

Dear Governor and RGGI Board Members,

Mr. Le Page you are old school and will not be in politics for long if your attitude doesn't progress.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Kristin Ede  
PO Box 186  
Gouldsboro, ME 04607

Dear Governor and RGGI Board Members,

Much appreciated.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jane Brettschneider  
1829 Fleet St  
Baltimore, MD 21231

Dear Governor and RGGI Board Members,

My children -- and everyone's children - deserves a world where we can have a sustainable climate and environment! An investment in a strong RGGI is like making a payment on an insurance policy to ensure we have a great region to live in.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Andrew Goldsmith  
7404 Maple Avenue  
Takoma Park, MD 20912

Dear Governor and RGGI Board Members,

My children and your grandchildren need to be taken care of when we are gone by helping the environment we are giving them a better life.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sara Oneill  
2357 Searles Rd  
Dundalk, MD 21222

Dear Governor and RGGI Board Members,

My company, a NH business for the last 16 years is working with several NH companies to install commercial solar. This is a valuable money making opportunity for NH business owners and without strong policies on carbon neutral energy production NH Businesses will loose out on profits and the NH people will loose out on preserving our way of life here in the Granite State .

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Joanne Edgar  
178 Elbow Pond Rd  
Andover, NH 03216

Dear Governor and RGGI Board Members,

My grandchild is coming this week. We need to fix the environment for all the children.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Janis Murray  
6112 Jefferson Blvd  
Frederick md, MD 21703

Dear Governor and RGGI Board Members,

My husband and I are fortunate to live on the Magothy River, where we see the impact of pollution in the water. In addition I get a migraine headache from carbon products like gas, perfume & coal. Please provide leadership in climate control for us, our children and grandchildren. It is the MOST important issue facing our generation. History will judge us on how we act now!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Sonny Kalis  
438 Capstan Ct  
Arnold, MD 21012

Dear Governor and RGGI Board Members,

My husband and I are very concerned about climate change and its impact on the economy, on natural disasters, and on the future world our children and grandchildren will live in. Thank you for your efforts to support the reduction of greenhouse gases. While some politicians seem to want to live in the past, we appreciate a governor who makes wise decisions for our future as well the present!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Janet Kopp  
7215 Dogwood Ln  
Middletown, MD 21769

Dear Governor and RGGI Board Members,

My personal opinion is that the proceeds from the carbon tax could flow to the general fund.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jeffrey Gross

Victor, NY 14564

Dear Governor and RGGI Board Members,

New York has so much to offer initiative and so at risk without a good outcome from it. We have the most innovative, creative thinker; the most talented organizers, the most committed supporters and fundraisers and quality business people who are prepared to meet the challenges ahead. With New York united we will make an impact. Please, let's give it our all.

Thank you!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Ellen Mclaughlin  
2952 Hallsport Rd # A  
Wellsville, NY 14895

Dear Governor and RGGI Board Members,

New York is a beautiful state - I am confident that we can help keep it that way for our children and grandchildren. You have been a great advocate for the environment, and my family and I thank you for your continued good work.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Deborah Conrey  
4553 215 Street  
Bayside, NY 11361

Dear Governor and RGGI Board Members,

New York must continue to invest in public transportation, solar & reduction of both carbon dioxide from businesses & the populace into the atmosphere. Time for the end of diesel trucks, coal & fossil fuel.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

s bianco  
box 1088  
woodstock, NY 12498

Dear Governor and RGGI Board Members,

New York must push forward and take a lead on this. Let's do something right in a big New York way!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

Center Moriches, NY 11934

Dear Governor and RGGI Board Members,

NH loves its natural resources and you understand how many jobs and lives depend on keeping our environment clean and sustainable. We in NH want to focus on keeping our state beautiful and safe, and making sure that we and our neighbors are doing everything we can to keep it that way is important. Not only that, it will keep us facing toward the future, since we know that sustainability and clean energy are not going to go away but are the future of the world's economy. Please keep these policies and this program strong.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Kristen Vigneau  
601 Corning Rd  
Manchester, NH 03109

Dear Governor and RGGI Board Members,

NH needs to be a leader in this regional initiative, and be a part of the solution to ensure a sustainable future. I would love to see our state embrace innovative technologies, while also protecting the natural resources unique to our rural character. Environmental awareness doesn't preclude economic growth and in fact, it promotes long-term economic well-being for our communities. Thank you for your time.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Kate Robertson  
PO Box 314  
Marlow, NH 03456

Dear Governor and RGGI Board Members,

No issue is more important.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Susan Jacques  
116 Haven Ln  
Schoharie, NY 12157

Dear Governor and RGGI Board Members,

No new fossil fuel or nuclear infrastructure, please

We need a governor who works for the people of our state, not tracked gas pipeline companies. please change course and work only on policies that help ensure a healthy and clean ecosystem for all.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Miriam Kurland  
566 East St  
Williamsburg, MA 01096

Dear Governor and RGGI Board Members,

NO PUSSYFOOTIN, GET HIS DONE NOW, IT'S URGENT

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Thomas Rippolon  
438 Peekskill Hollow Rd  
Putnam Valley, NY 10579

Dear Governor and RGGI Board Members,

No temporizing, no half-stepping. It's time for all hands on deck, working together on the most serious problem we have ever faced.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Philip Rose  
355 Stony Kill Rd  
Accord, NY 12404

Dear Governor and RGGI Board Members,

NOTHING is more important.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

M Older  
19 Cameron Ave  
Cambridge, MA 02140

Dear Governor and RGGI Board Members,

Nothing should take precedence above the environment. Without a healthy planet, we are unhealthy.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Silvana Camera  
134 Seekonk St  
Norfolk, MA 02056

Dear Governor and RGGI Board Members,

Now is the time, more than ever, to stand as an example of what states can do. We need to move away from the party line and keep partisan politics out of choices like these. Let's continue to give Maryland a track record it can be proud of!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jessica George  
29 Westfield Cir  
Berlin, MD 21811

Dear Governor and RGGI Board Members,

Now more than ever before states must stand up for our environment. Thank you for the ban on fracking in Maryland. You have already taken an important step toward protecting Maryland and its citizens. I urge you to support the Regional Greenhouse Gas Initiative.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Barbara Winner  
204 Baybourne Dr  
Arnold, MD 21012

Dear Governor and RGGI Board Members,

Now more than ever we need strong leadership in the fight to combat climate change. If the federal level wants to ignore the severity of this issue, it is up to the state and local governments to make a difference. Together we can slow the symptoms of climate change and create a more sustainable future for us all!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Tania Castro  
42 Paine St  
Winthrop, MA 02152

Dear Governor and RGGI Board Members,

Now that climate change has been effectively denied by the federal government, only the states can establish clear and essential boundaries to ensure that the U.S. does its part to combat this very serious threat. Thank you for taking action!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Mary Waterbury  
8201 16th St  
Silver Spring, MD 20910

Dear Governor and RGGI Board Members,

NY is a leading state in many issues, in part due to your leadership. Please make this strong direction of the RGGI another priority of yours to benefit us all who live here and beyond. Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Susan Richmann  
14 Corriedale Ln  
Cottkill, NY 12419

Dear Governor and RGGI Board Members,

NY must lead the way! Don't let us down!!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Alice Reo  
42 Parkway Rd Apt 2  
Bronxville, NY 10708

Dear Governor and RGGI Board Members,

NY should be the leader in helping to save the Earth and our Environment !!!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Rachel Berg  
400 W 43rd St Apt 35A  
New York, NY 10036

Dear Governor and RGGI Board Members,

NY State must aggressively pursue the cleanest of Green Energy. With NY City surrounded by water we cannot afford to lag behind in work to reduce the heat from CO2 and Methane that is melting the ice and making our oceans and river rise.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Rita Houlihan  
895 W End Ave Apt 5C  
New York, NY 10025

Dear Governor and RGGI Board Members,

NYS should set the standard for greener technologies which will lead to a strong economy. Prove Trump wrong! Thank you Governor Cuomo!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Alisa Kremer-Parrott  
76 Rollstone Ave  
West Sayville, NY 11796

Dear Governor and RGGI Board Members,

Of all the legislative battles being fought right now, the struggle to point our nation in the right direction on climate change is by far one of the most crucial. If we cannot contain this threat and adapt to a different kind of relationship with the planet, all the other issues will become moot.

I hope that you can take the long view on this issue and make the sometimes hard decisions that will ensure a viable future for our children, grandchildren, and beyond.

Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jamie Wallace  
PO Box 382  
Ipswich, MA 01938

Dear Governor and RGGI Board Members,

On MDI, our Solarize MDI project just secured over one million dollars in new investment in 2.5 months. Don't leave Maine out of the big investments in clean energy that are coming. We can't go back to the coal age.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Joseph Blotnick  
7A Mountain Ave  
Bar Harbor, ME 04609

Dear Governor and RGGI Board Members,

One of the reasons I stay in this costly state is the progressive actions of the government and people. I spend as much time as I can enjoying the outdoors, biking, hiking, paddling and sailing. Protecting the land, air and environment has become a necessity in this beautiful state and entire country. While I am quite bipartisan one of my strongest views is open space and the environment. I live on Long Island and space is still being gobbled up by greed. We need to act to protect what we have left and clean what we have polluted, especially our water. We should be ashamed of the condition of the bays, waterways and much of the land. We should not only be trying to protect more, we should also be repairing the damage we have already created!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Keith Smith  
112 Highland Ave  
Patchogue, NY 11772

Dear Governor and RGGI Board Members,

Only government can move the US -- on the issues related to climate change and global warming -- with the necessary urgency and rapidity. All levels of government must act.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Donald W. Henderson, Ph.D.  
20 Woodlane Rd  
Ithaca, NY 14850

Dear Governor and RGGI Board Members,

Our most important goal must be to bequeath to our children and future generations an unpolluted environment, a strong economy, a guarantee of good, reasonable healthcare, and employment which will provide them a good life

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Cecelia Whalen  
252 Old Canterbury Tpke Lot 18  
Norwich, CT 06360

Dear Governor and RGGI Board Members,

Our beloved Chesapeake Bay is in particular danger. Please be the leader for environmental sanity!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Betsy Amey  
1205 Stevenson Lane  
Towson, MD 21286

Dear Governor and RGGI Board Members,

Our Children as well as our grandchildren and our great-grandchildren look to you and me to save their future. That includes taking steps now to protect our climate. There is no planet "B"

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Louis Glekas  
2504 Oakenshield Dr  
Potomac, MD 20854

Dear Governor and RGGI Board Members,

Our children's future depends on taking action now to reduce greenhouse gases. It's time government started listening to scientists rather than big money. The US should be leading the way instead the White House is more concerned with bringing back pollution thru coal and big oil. Let's be a leader for their states to follow.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Jennifer Leclerc  
7 Trishas Way  
Stratham, NH 03885

Dear Governor and RGGI Board Members,

Our children's future must be considered.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Joanne Hulse

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Michelle Ryan  
PO Box 606  
Marlborough, NH 03455

Dear Governor and RGGI Board Members,

Please act now. We in NY need to show leadership on matters our climate. It's imperative. Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Wendy Seligson  
750 Kappock St Apt 605  
Bronx, NY 10463

Dear Governor and RGGI Board Members,

Please act to defend the common good.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Sister Honora Kinney  
93 Park Ave  
Albany, NY 12202

Dear Governor and RGGI Board Members,

Please add your message to Governor Kusik's message, speak out to preserve the Affordable Care Act!  
Yes, Obamacare!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Margaret Chapman  
8 Indian Hills Ct  
Derwood, MD 20855

Dear Governor and RGGI Board Members,

Please also take action to protect our healthy trees. Trees are our best natural ally in our fight against climate change. Trees store carbon in their bark and leaves, clean our air, create oxygen, control flooding and soil erosion, provided shade in the hot summer days, improve property values, deter crime, provide beauty and soothe our souls. We can live without electricity but we can NOT live without trees!  
Thank you!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Diane Hoffman  
190 Wilmot Rd  
Hamden, CT 06514

Dear Governor and RGGI Board Members,

Please be an environmental leader while it is under attack in Washington!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Adam Gross  
67 Rambling Rd  
Sudbury, MA 01776

Dear Governor and RGGI Board Members,

Please be open to positive change and stop protecting dinosaur industries.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Thomas A. Peterson  
49 Johnson Rd  
Windham, ME 04062

Dear Governor and RGGI Board Members,

Please choose the strongest future for life.....thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Connor Rockett  
2 Snow St  
Sherborn, MA 01770

Dear Governor and RGGI Board Members,

PLEASE choose to support the RGGI strongly and help stem the tide of global warming.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Ken Rosenblad  
138 Seeley St Apt 2C  
Brooklyn, NY 11218

Dear Governor and RGGI Board Members,

Please consider this for the future of our planet and the security and well being of our prosperity. The greatest gift we have ever been granted is our children and grandchildren. Don't we want to give them the best future? We are the caretakers, (it is our turn), of this awesome place we call earth. It only makes sense to show we really do care about it! Thank you!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Corine Hannaford  
75Central st.  
South Weymouth, MA 02190

Dear Governor and RGGI Board Members,

Please continue the work already in progress for cleaner energy.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Pat Filleau  
413 Cumberland Hill Rd Apt 3  
Woonsocket, RI 02895

Dear Governor and RGGI Board Members,

Please continue to lead Maryland in fighting climate change. What could be more important than the world we live on. It is the only one we have.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Joyce Judd  
23440 Aster Way  
California, MD 20619

Dear Governor and RGGI Board Members,

Please continue to stand up for us all.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Krista Bogue  
276 N Sterling Rd  
Sterling, CT 06377

Dear Governor and RGGI Board Members,

Please create the strongest possible plan to do everything we can to slow climate change and reduce pollution, which in turn will help protect public health. I believe in doing so we will not only help save our future and that of our children and grandchildren, we will create jobs and strengthen our economy.

Thank you for helping Vermont to be part of the solution, not the problem.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Deborah B. Venman  
216 Deer Meadow Drive  
Middlebury, VT 05753

Dear Governor and RGGI Board Members,

Please do all you can to keep our commitment to the Paris accord.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Hampden, MA 01036

Dear Governor and RGGI Board Members,

Please do for us what the Federal Government will not! We are counting on your leadership!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Kelley Lynch  
714 Ludlow St  
Takoma Park, MD 20912

Dear Governor and RGGI Board Members,

Please do NOT ignore your citizens in Orange County NY - STOP the CPV Power Plant, it's feeder Pipelines, and compressor Stations. This plant will emit TONS of CO2 emissions, methane, and other highly toxic and carcinogenic substances. STOP the Cricket Valley Power Plant in Dover NY. We are smart enough not to allow Fracking in NY State, then why encourage others to do so by using this highly toxic substance.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jeanne Fox  
89 Little York Rd  
Warwick, NY 10990

Dear Governor and RGGI Board Members,

Please do not let the citizens of Maryland down. I have lived here for upwards of forty years. I hope that Maryland can continue to be a great place to live. I know that you make the right choice so that Maryland can continue to be a great place to live. Thank you. Nancy Bleil

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Nancy Bleil  
709 Brantford Ave  
Silver Spring, MD 20904

Dear Governor and RGGI Board Members,

Please do not let the Trump administration's shortsightedness ruin progress we have made for our environment. New York needs to set the example for the other states to follow. Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Pat Barnes  
10 Mills Rd  
Middletown, NY 10941

Dear Governor and RGGI Board Members,

Please do not permit Rhode Island to continue to be led down the wrong path by the incredibly short-sighted Trump administration!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

John Mclacken

Sincerely,

Karen Mitchell  
1 Aston Cir  
Hockessin, DE 19707

Dear Governor and RGGI Board Members,

Please do this for all of us Republican and Democrat. Climate change is real and probably the #1 crisis the world faces. All will be effected by it. Since the Federal Government chooses to ignore facts, change must happen state by state. Please let Maryland be a leading example to all other states of the good that can be done. I am proud to live in Maryland and proud of the sensible laws we have. Let's do this with unity. Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Sincerely,

Jacqueline Ylisto  
3018 Cuylerville RD  
Leicester, NY 14481

Dear Governor and RGGI Board Members,

Please do your best to save our planet. At almost 85, I do not expect to see a terrible change unless I live a lot longer, but I fear for those who will lose their homes and their lives to rising waters and stronger storms, especially in Florida where most of my family lives. I fear for the generations still to come and what they may have to go through. It may be too late, but we must still try!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Frances Barber  
12007 Bernard Dr  
Silver Spring, MD 20902

Dear Governor and RGGI Board Members,

Please don't choose to be blind to the impact of climate change. It is unacceptable that our president has removed our country from the Paris Climate Treaty - but that doesn't mean Maryland can't do it's part to reduce greenhouse gas emissions. For the sake of the environment and the future of our children, please commit our state to reducing emissions!

Thank you!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Susannah Horrom  
415 Brook Rd  
Towson, MD 21286

Dear Governor and RGGI Board Members,

Please end your ridiculous bail out tax for nuclear power plants that have made millions of dollars off tax payers already. What are you thinking?

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Margaret Smith  
19 Vincent St

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

June Fletcher-Hill  
2025 Carterdale Rd  
Baltimore, MD 21209

Dear Governor and RGGI Board Members,

Please finalize the strongest plan possible. It is essential that we act now to reduce pollution and slow climate change, The RGGI can do this while helping the economy, creating jobs, and protecting public health.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Mary Suda  
588 Grooms Road  
Clifton Park, NY 12065

Dear Governor and RGGI Board Members,

Please give your consideration to this request to prioritize our environment. Thank you!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Samantha Smith  
23 Pomeroy St  
Easthampton, MA 01027

Dear Governor and RGGI Board Members,

Please go green! More wind, solar and geothermal. The oil and gas industry is a dinosaur and it is going to become almost extinct. Oil will eventually only be used minimally and please stop prolonging the inevitable decline of an outdated source of energy.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Adelino Carreira  
19 Harmon Dr  
Suffield, CT 06078

Dear Governor and RGGI Board Members,

Please Gov. Scott, demonstrate the leadership this country needs. Show the RGGI and the administration, that Vermont will lead the nation in reducing carbon admissions and create jobs while building renewable, clean energy power sources.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Nancy Burroughs  
1444 Prickly Mountain Rd  
Warren, VT 05674

Dear Governor and RGGI Board Members,

Please Govenor Hogan. I have been doing my part in protecting the environment since I moved to the States 1987. I believe whole heartedly in reduce, reuse & recycle. When I lived to the shore from Baltimore, I was disgusted to learn emissions testing was not required for all counties. You have been doing amazing progress for our state. Please do what is best for our great state. Thank you for taking the time to read this email and remember, not only did Republicans vote for you, so did Independents & Democrats.

Best regards to you & your family.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Catherine Nobles  
106 E Chestnut St  
St Michaels, MD 21663

Dear Governor and RGGI Board Members,

Please Governor Page support any effort to protect our environment. Thank you from your constituent,  
Ann Cannon, Peaks Island, Maine

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Michelle Ramauro  
37 Grant St  
Keene, NH 03431

Dear Governor and RGGI Board Members,

Please not only do everything possible to limit climate warming, but also work to educate people about it's dire realities. The latter would garner support and offset any political downside from embracing policies like that of a forceful RGGI.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Nikki Longaker  
14 Evans St  
Binghamton, NY 13903

Dear Governor and RGGI Board Members,

Please preserve funding to save our parks, community gardens and outdoor spaces that require clean air and water to survive. Humans also need clean air to breathe and clean water to drink. Trees help preserve our environment and help reduce carbon dioxide that goes into the air. Thank you for your ongoing commitment to preserving our environment.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Sarah Zettek  
8 Albemarle Ct # B  
Boston, MA 02115

Dear Governor and RGGI Board Members,

Please put in place the strongest plan possible to keep us on track to slow climate change, reduce pollution, grow the economy, create jobs and protect public health!

Sincerely,

Becky French  
14 Ridge Road  
Greenbelt, MD 20770

Dear Governor and RGGI Board Members,

Please remember that RGGI is the result of a conservative, market-based approach to environmental protection. Embracing RGGI will merely be an example of you embracing your own principles. Right?

Economists everywhere, of which I am one, are united in believing that a cap and trade program is the most efficient way to manage the environment; that is, it delivers benefits for the lowest possible cost. Please also realize that if you refuse to strengthen RGGI, you are encouraging the state legislature to pursue costlier regulation.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Daniel Marcin  
1910 Westchester Drive  
Silver Spring, MD 20902

Dear Governor and RGGI Board Members,

Please remember, the earth doesn't belong to us, we belong to the earth.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Christopher Herlihy  
47 Tileston St Apt 8  
Boston, MA 02113

Dear Governor and RGGI Board Members,

Please resist the assholes running the Federal government right now. I thank you, and my daughter thanks you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Matthew Bender  
724 Thayer Ave  
Silver Spring, MD 20910

Dear Governor and RGGI Board Members,

Please save our environment. We haven't cleaned up from past mistakes and we cannot go back to polluting and dumping. We only have one earth.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

East Syracuse, NY 13057

Dear Governor and RGGI Board Members,

Please set the bar higher, the Trump administration is setting our future generations up for failure.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Patrick Wright  
70 Dunns Bridge Ln  
Dover, NH 03820

Dear Governor and RGGI Board Members,

Please stand up for sanity on this planet. You are the only bright light in the Republican Party either locally or nationally. Set an intelligent role model for politics specifically and integrity in general. We from Massachusetts pride ourselves on a modicum of intelligence. Set the tone!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Patricia Brown  
9 Linwood Pl  
Gloucester, MA 01930

Dear Governor and RGGI Board Members,

Please stand up to the President to help protect the Earth for everyone alive today as well as future generations. There is only one Earth, please protect it.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Nicholas Devers  
1117 Pleasant St  
East Weymouth, MA 02189

Dear Governor and RGGI Board Members,

Please stand with this important program!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jean Aumann  
105 Laurel St Apt 2A  
Lee, MA 01238

Dear Governor and RGGI Board Members,

please stop the rape of everything we hold dear

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Sincerely,

Joanne Wolfe  
213 Gates St Unit 1  
Portsmouth, NH 03801

Dear Governor and RGGI Board Members,

Please take a strong stand on this for all of us. This is a critical time in our efforts to ensure the protection of our environment, ensuring clean air and water for all.

And while you're thinking about this, stop trying to gut our Coastal Zone protection act. Why not guide our state in being a leader at the forefront of environmental protection. Delaware could demonstrate the benefits of clean, renewable energy use, and develop many jobs associated with that growing industry.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Wendy Lott  
PO Box 275  
Yorklyn, DE 19736

Dear Governor and RGGI Board Members,

Please take action on climate change. Our climate is changing. Scientific research and simply watching the polar ice caps melting should be proof enough. We need to act now! I believe that while the earth will survive, it will be very difficult for humanity to survive. In fact they may not. Please take action NOW. Thank you

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Claudia Gemmer  
8532 Pine Meadows zdr

Sincerely,

Marcia Seavey  
PO Box 570  
Jackman, ME 04945

Dear Governor and RGGI Board Members,

Please, use your leadership to guide us all towards a brighter, greener future by supporting a strong plan. Not only would doing so benefit the environment, but also public health and the economy through decreasing pollution and promoting job growth. Clearly, it up to more local efforts, rather than national pressure, to change the path we are on and take steps towards sustainability.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Caroline Tippet

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Carolyn Pesterfield  
922 Topmast Way  
Annapolis, MD 21401

Dear Governor and RGGI Board Members,

Please. help our land and air!

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Margery Sudbay  
21 Merrymeeting Dr  
Portland, ME 04103

Dear Governor and RGGI Board Members,

PLEASE..You must choose the strongest future for RGGI

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Linda Gazzola  
236-B Edgewater Park  
Linda, NY 10465

Dear Governor and RGGI Board Members,

Pls keep up your work in this area!!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Richard Deschenes  
1536 Gardners Neck Rd  
Swansea, MA 02777

Dear Governor and RGGI Board Members,

Pls stand strong and help protect the health of citizens

G. Perdon

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Po box 310  
Greenwich, CT 06386

Dear Governor and RGGI Board Members,

Pollution doesn't know state boundaries and this is a great initiative for our whole region!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Helen Mcneil-Ashton  
PO Box 1122  
Truro, MA 02666

Dear Governor and RGGI Board Members,

Preservation requires bravery and that means sacrificing some jobs to make room for new one, ending some industry to make way for new industry, spending money to save money later. And it also means education the public so everyone contributes to a cleaner and healthier future. We don't have any more time when it comes to addressing climate change. Thank you for standing strong as our governor.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Anna Auster  
1318 prospect place  
Brooklyn, NY 11213

Dear Governor and RGGI Board Members,

Preserve the magic and beauty of our State!

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Karen Langlois  
171 Mason Rd  
Milton, NH 03851

Dear Governor and RGGI Board Members,

President Trump rejected the Paris Climate Accord, but Massachusetts can lead the national on reducing the effects of climate change, and create jobs promoting solar and wind energy!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Melody College  
74B Grand Ave  
Falmouth, MA 02540

Dear Governor and RGGI Board Members,

Programs like RGGI help us make tremendous progress in our state, and allow us to be a model for other states that understand the threat of climate change.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Emily Johnson  
24 Monroe St  
Concord, NH 03301

Dear Governor and RGGI Board Members,

Promoting use of solar panels will be good for the Maine Economy - creating more jobs and making a more efficient energy system.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Elery Keene  
3 Pat St  
Winslow, ME 04901

Dear Governor and RGGI Board Members,

Protect our environment!! Maine's clean water and air is essential to maintaining a vital ecological balance and is essential to the quality of life that we enjoy in Maine.

Carol Darbyshire

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Michael Duhigg  
347 Stow Rd  
Boxborough, MA 01719

Dear Governor and RGGI Board Members,

Protecting our environment is very popular in Maine as we depend on it for our health and livelihoods. Clean energy provides jobs, which I know is a concern of yours.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Ann Schaer  
12 Old County Rd  
Waldoboro, ME 04572

Dear Governor and RGGI Board Members,

PS: I do NOT approve of the big tax bailout for aging Nuclear Plants! Nuclear waste has to go somewhere. Even Fukushima was supposed to be "safe." There is no such thing as safe Nuclear power: its an environmental time-bomb, and not part of the solution.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jessica Trainham  
956 Middle Rd Lot 13W  
Oswego, NY 13126

Dear Governor and RGGI Board Members,

Reducing climate change is EVERYBODY'S responsibility!

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Jim Taylor  
PO Box 334  
Houlton, ME 04730

Dear Governor and RGGI Board Members,

Reducing greenhouse gases has the strong and important side benefit of reducing health-destroying air pollution. A New England Journal of Medicine article released yesterday showed that current levels of particulates and ozone significantly shorten lives. See:  
<http://www.nejm.org/doi/full/10.1056/NEJMoa1702747>

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Richard Reis  
711 Copley Ln  
Silver Spring, MD 20904

Dear Governor and RGGI Board Members,

REGGI has been extremely effective as a market based solution to reducing air pollution from coal fired power plants. Economic incentives have prodded power generators to invest in reducing their emissions, making their plants more efficient, and changing to fuels that produce less carbon pollution. REGGI has been a successful model for other states and cities to reduce their carbon pollution, creating pathways to a greener, more sustainable future. I personally have used as little fossil fuel as possible for 40 years and I ask you to make a similar choice for our state. Please vote for the strongest REGGI program choice.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Nancy Chandler  
53 Sprague Rd  
Phippsburg, ME 04562

Dear Governor and RGGI Board Members,

Renewable energy is a win-win for the economy and the environment! A strong RGGI is a critical part of responsible climate policy.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Linda Pehlke  
48 Browne St  
Brookline, MA 02446

Dear Governor and RGGI Board Members,

Republican governors have an obligation to use their influence to move their party from the idiocy of denying climate change.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Kathryn Trupin  
143 School St  
Marshfield, VT 05658

Dear Governor and RGGI Board Members,

Republicans appear to be out of touch with reality. Reverse their destructive course

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Thomas Adamski  
18A Heritage Village  
Southbury, CT 06488

Dear Governor and RGGI Board Members,

Respectfully submitted

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Brookline, MA 02445

Dear Governor and RGGI Board Members,

Since there is no leadership for dealing with climate change on the national level, it becomes doubly important for the states and regions to take the initiative and fight for our children and grand children's future.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Joanna Lasher  
2292 Hermance Rd  
Galway, NY 12074

Dear Governor and RGGI Board Members,

Since we can no longer count on the Federal government to do the right thing, the States need to take initiative in promoting clean energy.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Margot Lenhart  
105 Beaconsfield Rd.  
Brookline, MA 02445

Dear Governor and RGGI Board Members,

Since we have no leadership on the federal level, the states must take the initiative on committing to and doing our utmost to reduce the level of green house gases we currently produce. This means committing ourselves to the goals agreed upon by all nations, except three, and doing all we can to convert to using clean, renewable energy sources and reducing our use of fossil fuels. Maryland needs a governor willing to take leadership regarding what needs to be done to address climate change, since it is clear the president will not. Governor Hogan, if you show yourself unable or unwilling to step up to the plate and take leadership on behalf of the people of Maryland, then come November next year, I will vote for someone who is willing.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Kathleeb Berney  
2415 57th Place  
Hyattsville, MD 20785

Dear Governor and RGGI Board Members,

Since you've helped on so many environmental issues during your tenure, I am again requesting your help in the Regional Greenhouse Gas initiative. Your support will be a positive force in further benefits to the region. Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Robert Rosenthal  
343 E 30th St Apt 17A  
New York, NY 10016

Dear Governor and RGGI Board Members,

Sincerely yours

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Dear Governor and RGGI Board Members,

Sir, You are proof that some republicans are emerging from a 19th century mentality....THANK YOU  
HR

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Harold & Rebecca Richardson  
17 John St  
Shrewsbury, MA 01545

Dear Governor and RGGI Board Members,

So for Governor Baker you're very disappointing and your environmental concerns. Just think you could end up with the same legacy as Trump! Do the right thing. We all know you can do it and will support you when you do.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Bruce Townend  
123 Crane Rd  
Windsor, MA 01270

Dear Governor and RGGI Board Members,

So proud of the job you are doing - don't let us down now.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Ann Sagan  
4 Lowell St  
Cambridge, MA 02138

Dear Governor and RGGI Board Members,

So, THERE IS A FUTURE!!!!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Watertown, MA 02472

Dear Governor and RGGI Board Members,

Thank you for keeping New York State at the forefront of protecting our environment.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Alix Keast  
214 Riverside Dr Apt 502  
New York, NY 10025

Dear Governor and RGGI Board Members,

Thank you for make climate change a priority for future generations of children and grandchildren.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Sincerely,

Ruth Elizabeth Irons  
10808 Clermont Ave  
Garrett Park, MD 20896

Dear Governor and RGGI Board Members,

Thank you for showing leadership where the federal government has not. I've visited countries (India) where air pollution goes unchecked and the Air quality is terrible. We have the technology, innovation, and resources for a cleaner way and owe that to the environment and future generations.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Valerie Phipps  
3800 Salem Church Rd  
Jarrettsville, MD 21084

Dear Governor and RGGI Board Members,

Thank you for supporting our Chesapeake Bay.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Dear Governor and RGGI Board Members,

Thank you in advance Governor Hogan for working on behalf of us, your constituents to better our community and country. Please do Not pad the pockets of Mr Trump and a few of his friends. They violate for their own profits. It is disgusting this ignorance of the educational advances made for our planet and future well being as they turn back time for their business venture profits. Please stand with us, your community.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Noel-Anne Brennan  
231 Curtis Corner Rd  
Peace Dale, RI 02879

Dear Governor and RGGI Board Members,

Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Linda Scheider  
175 McAllister Farm Road  
Hardwick, VT 05843

Dear Governor and RGGI Board Members,

Thank you. I know we can count on you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Peggy Moran

Maria Baroody  
3009 Woods End Dr  
Joppa, MD 21085

Dear Governor and RGGI Board Members,

The best way to make the RGGI 'work' best in helping us (and especially our descendants) to a cleaner, safer future is to limit those climate-disrupting gasses as much as we reasonably can - starting now. Let's get to work - please.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Christopher Scherer  
10 Parkway Apt E  
Greenbelt, MD 20770

Dear Governor and RGGI Board Members,

The current rate of 2.5% reduction in greenhouse gases has been effective only up to a point. To truly combat climate change, each state must do more. Thanks for your efforts in this!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jane Clarke

Washington, VT 05675

Dear Governor and RGGI Board Members,

The empirical data and irrefutable verifiable proof is beyond debate, climate change is REAL. Herr Trumps corrupt fascist rascist xenophobic administration and the equally corrupt republican legislative super majority can hide their heads in the sand, they can try and spin the truth, but Facts not alternative Facts, not Fake News are what they deny. And WHY? The answer is simple my fellow citizens, just follow the money, IT always leads to the true answer. Big Oil, Fracking, The Koch Brothers and all major corporations who are polluting our lands, air, and water as well as Herr Trumps corrupt administration and the equally corrupt republican legislative super majority DO NOT care one iota for the American citizenry or our environment, as long as THEY can make the only thing they truly care about the almighty DOLLAR the hell with our planet.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Luis Vasquez

Sincerely,

Victoria Oltarsh  
16 Washington St  
Nyack, NY 10960

Dear Governor and RGGI Board Members,

The environmental issues are serious and decisions we make today will affect many generations to come including our own. The diversity of our planet's species is also diminishing, robbing us of our connection with the planet and increasing the risk of disease and human suffering. We must recognize our interconnectedness and think not only about ourselves today but the future of all. I hope you will be the leader in building a stronger and healthier environment.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Martin Schroeder  
730 Emerald Way  
Odenton, MD 21113

Dear Governor and RGGI Board Members,

The future generations are counting on us, and we have to step up.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Tricia Townes  
1199 E 53rd St Apt 6K  
Brooklyn, NY 11234

Dear Governor and RGGI Board Members,

The future is green. There's no questions about that. What's important is how hard we can push for it now to encourage others to follow in the same path.

Let's do this...together.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Shannon Kenny  
151 Kent Ave, Apt 312  
Brooklyn, NY 11249

Dear Governor and RGGI Board Members,

The future is in renewable energy, not coal and dirty fossil fuels.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Dear Governor and RGGI Board Members,

The national leaders don't care so the states need to step up

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Richard Sharon  
58 Winding Ln  
East Hartford, CT 06118

Dear Governor and RGGI Board Members,

The natural gas (methane) leaks into the atmosphere in my town of Marblehead is criminal. National Grid has for years allowed gas pipes under our sidewalks and street to simply vent their leaks into the earth's atmosphere. As you must be well aware, methane is alot more deadlier than CO2 emissions for automobiles. Thank you again for taking this Earth's atmosphere and the carnage we human beings inflict on it seriously.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Paul Phillips  
PO Box 257  
Marblehead, MA 01945

Dear Governor and RGGI Board Members,

The need for immediate action in terms of climate change is urgent and proven. The even better side of such action is that smart energy policies will give us the opportunity to grow our economy while fighting climate change.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Deb Pasternak

East Islip, NY 11730

Dear Governor and RGGI Board Members,

The people of every state have an inherent, natural right to protect the biosphere. It is not a political or ideological issue; it is the right of living beings to care for what makes life possible for our progeny; our CHILDREN, your children: a planet that can continue to sustain life itself. The problem we proclaim is neither speculation nor ideology; it is basic, high school science. I believe my state will continue to reach beyond partisanship and ideology to pursue energy policies that protect both the Green Mountain State and the green globe for my children and their children; if my state begins to think otherwise, I shall be on their governmental doorstep which is my right as a citizen. R.B. Breese (Major, USAFR, Retired)

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Byron Breese  
PO Box 237  
South Strafford, VT 05070

Dear Governor and RGGI Board Members,

The people of Massachusetts will not be taken in by half measures. We need you to take a strong and principled stand. We will be watching closely. Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

James Krist  
1420 Gilbert Rd  
Arnold, MD 21012

Dear Governor and RGGI Board Members,

The RGGI proposal to continue current 2.5% annual carbon reduction rate is not enough to reduce emissions. We must increase it to at least 3.5 percent or more. If you care about our environment then you will do this.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Edward Johnson  
5 Dalecrest Ct  
Timonium, MD 21093

Dear Governor and RGGI Board Members,

The state of MD is in your hands, please do the right thing, not the political thing for the taxpayers of MD who are paying you to advocate for the rights of Marylanders. And please step up and speak out about climate change and other issues important to MD, such as health care and public education, now is not the time to be silent, too much is at risk. I am an occupational therapist employed by HCPSS, with a disabled husband, who is very concerned about the future of MD and the USA. If these drastic cuts occur, not only will people's health and well being suffer, but jobs will disappear, people with disabilities, including many children in school with medicaid funded special education services, will suffer. I have never been so appalled about the state of MD and the USA. Thank you for representing all of MD and not just keeping to the party line. You know what is the right thing to do, so do it, say it.

Thank you for your time and consideration.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Barbara Lokitis  
9230 Winding Way  
Ellicott City, MD 21043

Dear Governor and RGGI Board Members,

The states must take up what Trump and Washington refuse to do.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

David Bernstein  
51 Northampton St Apt A  
Easthampton, MA 01027

Dear Governor and RGGI Board Members,

The strongest option you have is a carbon fee with teeth which is returned to residents through a renewable energy spending account similar to a medical spending account.start at \$40 per ton,increasing \$10 per year.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Russell Donnelly  
22 Lantern Rd  
Framingham, MA 01702

Dear Governor and RGGI Board Members,

The time is now to work together on this issue. We have the future to

Prepare for. We know the facts. We want our beautiful part of our great country to remain a place for our people to live and thrive

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Arline Brown

Ridgely, MD 21660

Dear Governor and RGGI Board Members,

The time to act is now! We are working on raising awareness in the community. There are so many people that are behind this. I am so proud to be part of Connecticut and our leadership on meaningful climate action!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Lisa Diamond  
45 Bull Hill Rd  
North Grosvenordale, CT 06255

Dear Governor and RGGI Board Members,

There are few things I care about more than environmental health and sustainability. I cannot support candidates who don't care about the environment and climate change, so I hope you share my concerns!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jennifer Kay  
12 Margaret St  
Arlington, MA 02474

Dear Governor and RGGI Board Members,

There are no natural resources that are more valuable than clean air, water and soil. Without these, life itself cannot exist. Placing our environment at risk for financial gain is unsustainable and must never be allowed to happen.

The Trump administration is grossly negligent with their archaic, regressive agenda which caters to fossil fuel special interests which places the United States at a distinct disadvantage when many developed countries are moving forward with clean, renewable and sustainable energy sources of the future.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Mark Richards  
1002 North Main St.  
Mt. Airy, MD 21771

Dear Governor and RGGI Board Members,

There is an old (Chinese?) saying: "You can not do only one thing." We need to come at this problem from every possible direction, and this is an important one.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Helen Ghiradella  
4009 River Rd  
Niskayuna, NY 12309

Dear Governor and RGGI Board Members,

There is no having a strong and healthy country without a healthy environment and healthy planet.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

J. Anne Adrienne Kent

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Nancy Struever  
327 Tuscan Rd  
Baltimore, MD 21210

Dear Governor and RGGI Board Members,

This is NOT the time to be voting along party lines! This is the time to think of what you know and believe is the right thing to do for your childrens' future, and the future of all humanity. Far too often we think via. our pocket books and our political treasure chest instead of with our heart and with our conscience. You have already done a lot of wonderful things for RI and made some hard choices. This is NOT a hard choice but one where your choice, your voice, your vote will make a difference in the future of our country and our corner of the planet. Let's stop carbon pollution. Let's slow down climate, let's protect the public health, if you really care.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Marian Lee  
200 Heroux Blvd, Unit 907  
Cumberland, RI 02864

Dear Governor and RGGI Board Members,

This is our Legacy to Our Children

MAKE US PROUD!!!!'

Kevin Kirk (South Poughkeepsie, zip12603)

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Kevin Kirk  
251 Boardman Rd Apt 202  
Poughkeepsie, NY 12603

Dear Governor and RGGI Board Members,

This is probably the most important issue to me. I have a son and I want him and any future children to have a chance at a livable climate. I know you have children too, and want the best for them. I think this issue of climate change is going to be the single biggest factor facing our children and grandchildren.

Please use your position as Governor to speak out about why climate change matters here in Delaware. We have the largest percentage of our land threatened by sea level rise of any state. RGGI has the potential to be very significant in terms of lowering emissions, but also as a model for the nation. Please work to make it a strong agreement that will make a difference.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

John Irwin  
1908 Kynwyd Rd  
Wilmington, DE 19810

Dear Governor and RGGI Board Members,

This is serious and needs to be taken seriously - it is NOT a political toy!

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Debbie Farr  
646 N Stark Hwy  
Weare, NH 03281

Dear Governor and RGGI Board Members,

This is so important! Please act now!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Sincerely,

Kevin Malone  
29 Cottage Pl  
Trumbull, CT 06611

Dear Governor and RGGI Board Members,

Trump's policies are devastating, from pulling out of the Paris Agreement to canceling regulatory efforts to protect air, water, natural parks and wildlife. Action by states and local governments are the only hope we have. Please do all in your power to protect our kids' future. Fight pollution. Benefit our economy by supporting green renewable energy sources. Protect our health.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Joseph Wasserman  
10 Starkel Rd Apt G  
West Hartford, CT 06117

Dear Governor and RGGI Board Members,

We are the generation that will decide the future of the next generations and even the future of this planet. We need vision in our political leaders and the courage to break from the pack . Please think about the future!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Peg Mccarthy  
9 magnolia drive  
Commack, NY 11725

Dear Governor and RGGI Board Members,

We are working hard to implement, but we could use some incentives from the top. Onward!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

William Labine  
290 Genesee St  
Avon, NY 14414

Dear Governor and RGGI Board Members,

We beg you to take the most action possible to fight climate change.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Rebecca Gluskin  
20 Schermerhorn St  
Brooklyn, NY 11201

Dear Governor and RGGI Board Members,

We can forge ahead for the earth. We don't need Trumplethinskin.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Wendy Fast  
8406 Green Rd  
Dansville, NY 14437

Dear Governor and RGGI Board Members,

We can no longer count on the President to protect our climate; it's up to mayors and governors. Please take action on behalf of Maryland to keep our air and water clean, reduce pollution, and grow the economy by supporting green energy!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Marianne Drumm  
1482 Jordan Ave  
Crofton, MD 21114

Dear Governor and RGGI Board Members,

We can not do this alone; a regional action is imperative.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Susan Lee  
PO Box 7  
Silver Lake, NH 03875

Dear Governor and RGGI Board Members,

We cannot let this administration continue to tear apart all that has been done to protect and preserve our planet.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Colleen Flanders  
872 Golf Course Road  
Morrisville, VT 05661

Dear Governor and RGGI Board Members,

We cannot let up on seeking to limit and decrease climate change. A strong RGGI is an important way to accomplish a slowdown of climate change.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dan Fullerton  
70 Spring Pond Dr  
Ossining, NY 10562

Dear Governor and RGGI Board Members,

We can't let the morons in Washington destroy this planet!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Melvin White  
64 Doane St  
Cranston, RI 02910

Dear Governor and RGGI Board Members,

We clearly can't count on the federal government to take proper action on climate change, but that doesn't mean we as a state can't do the right thing. Please know that I'm one of your constituents who is counting on you to convey my belief in this necessity.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Chris Gordon Owen  
705 Union St  
Brooklyn, NY 11215

Dear Governor and RGGI Board Members,

We desperately need your leadership on this issue, for social, economic and health reasons.

Thank you!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Christine Turner  
7 Whitney Way  
Montague, MA 01351

Dear Governor and RGGI Board Members,

We do many great things in Maryland. Now we need to attend to the Regional Greenhouse Gas Initiative.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Elizabeth Riley  
3144 Gracefield Rd Apt T19  
Silver Spring, MD 20904

Dear Governor and RGGI Board Members,

We especially need to revoke the air permit for the proposed compressor project in Weymouth now that new data about high levels of current air pollution are available.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Susan Racine  
48 Mount Vernon St  
West Roxbury, MA 02132

Dear Governor and RGGI Board Members,

We have a common home. Let's care for it diligently NOW!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Helen O'Regan  
310 East 120 St.  
New York, NY 10035

Dear Governor and RGGI Board Members,

We have an opportunity to move our state and the country forward. We can help our communities and our planet and send a strong message to all!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Susan Till  
5062 Winesap Way  
Ellicott City, MD 21043

Dear Governor and RGGI Board Members,

We have exactly one environment to share, so let's all do what we can to protect it.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Ann & Vin Morgan  
121 Highmount Ave  
Nyack, NY 10960

Dear Governor and RGGI Board Members,

We have no time to waste. We must move on Climate Change in every way that we can. We need a strong leader who will make tough choices that protect us for the future.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Joan Gugerty  
13907 Manor Rd

Dear Governor and RGGI Board Members,

We have to put our money where our mouth is - talking green but supporting big gas and oil will not get us where we need to be. Follow through on your REV promise.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Hilary Ruesch  
2233 Caton Ave  
Brooklyn, NY 11216

Dear Governor and RGGI Board Members,

We have to stop building infrastructure that makes us dependent on the continued use of fossil fuels and invest, instead, in clean energy. We also have to make investing in clean energy financially competitive. It is time to stop subsidizing the fossil fuel industry.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Douglas Vitarius  
74 Audubon Ave  
Binghamton, NY 13903

Dear Governor and RGGI Board Members,

We have to use common sense and be cautious. Don't ignore scientists. We have to do our best to save life for our descendents.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Robin Harris

PO Box 288  
Mechanicville, NY 12118

Dear Governor and RGGI Board Members,

We must save our natural resources. Use more regenerating energy and make our planet a better place. We don't have a replacement.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Christine Stacey  
19677 Marigold Dr  
Hagerstown, MD 21742

Dear Governor and RGGI Board Members,

We need a stronger regional climate agreement!!!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Stuart Erris  
1010 Amherst Pl  
Cheshire, CT 06410

Dear Governor and RGGI Board Members,

We need action now. Humanity is running out of time.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Marlene Yanus  
PO Box 174  
Underhill Center, VT 05490

Dear Governor and RGGI Board Members,

We need all the cooperation and collaboration we can get, especially with our regional neighbors.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

John Jongen  
164 W Church St  
Fairport, NY 14450

Dear Governor and RGGI Board Members,

We need all the help we can get on this urgent issue. I'm very concerned that we have to act right now in every way to curb climate change.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Cat Basciano

Marsha Kalina  
290 Jackson Cres  
Centerport, NY 11721

Dear Governor and RGGI Board Members,

We need stronger initiatives for climate change now more than ever! We can't afford to wait.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Pamela Kurmai  
17 Westview Drive  
Monroe, CT 06468

Dear Governor and RGGI Board Members,

We need to accept that the current federal government, and those states who supported Trump are enemies of the commonwealth. They dump their pollution on our state while we pay more in federal taxes to support them. We need to invest in renewables here in the region and "vote our shares". That means divesting from those states and refusing admissions to Harvard, MIT, et al from those states. Let them go to Texas A&M.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Russell Donnelly  
22 Lantern Rd  
Framingham, MA 01702

Dear Governor and RGGI Board Members,

We need to act on the state level in every way to follow the Paris Climate Agreement and go to any lengths to sustain our world regardless of what our national position is.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Ellen Cronin  
4620 N Park Ave  
Chevy Chase, MD 20815

Dear Governor and RGGI Board Members,

We need to address climate change at the personal, local and state levels. Also the national level, but that would call for a complete change of the current federal administration.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Ann Metcalf  
9 Meadow Ln  
Bristol, VT 05443

Dear Governor and RGGI Board Members,

We need to combat climate change in an urgent way. Trump's disastrous, immoral decision on the Paris climate agreement needs a sane plan from mature adults.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Beverly Propen  
185 Crocker Ct  
Orange, CT 06477

Dear Governor and RGGI Board Members,

We need to consider the future for our children. Those of us over the age of 60 will likely not feel the impact of climate decisions, but those who follow us will.

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Faith Barker  
540 Lake St  
Auburn, ME 04210

Dear Governor and RGGI Board Members,

we need to counteract the damage of government/business interests who are blind  
to climate change

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Brian Phelps  
66 South St  
Westborough, MA 01581

Dear Governor and RGGI Board Members,

We need to deal with climate change now. Please make sure New York is a leader in that effort.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Lynn Shortis  
461 Susan Ct  
West Hempstead, NY 11552

Dear Governor and RGGI Board Members,

We, the People, have worked for 50+ years, starting with the "Do not litter" campaign along our highways & interstates in the early 1960s to try to clean up after ourselves, to re-cycle, protect industry from dumping toxic waste into our waterways, & to prevent auto emissions & industry from polluting our air. ALL FOR OUR OWN BENEFIT and which has made a visible & significant difference. The VERY LAST THING we need or want is for money-hungry global warming deniers, led by the idiot DJT, to undo the 50 YEARS of gains that have been made over as many months! The people have spoken, so it is now up to Congress to enact ghd people's wishes, DESPITE what evil & idiocy lurk in the Oval Office, White House, & Congress. SO, DO WHAT'S RIGHT, NOT WHAT LINES THE POLITICIANS' POCKETS!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Evelyn Pendall  
623 Catherine. St.  
Syracuse, NY 13203

Dear Governor and RGGI Board Members,

What is wrong with you. Is all you thing about is money. That is very sad. What about the beauty of our one and only planet your destroying?

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dana Fillion  
29 Main Street  
Norwich, CT 06360

Dear Governor and RGGI Board Members,

What is wrong with you. Is all you thing about is money. That is very sad. What about the beauty of our one and only planet your destroying?

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

Denis Dellaloggia  
416 Milmar Rd  
Wilmington, DE 19804

Dear Governor and RGGI Board Members,

Why hasn't Massachusetts joined the "We are Still In" open letter to support the Paris Climate Agreement? <http://wearestillin.com/>

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Benjamin Wetherill  
400 Vfw Pkwy  
Chestnut Hill, MA 02467

Dear Governor and RGGI Board Members,

With no help from The White House the states must take over . This is so important. You must see that. I am sick of writing these emails-just do it and choose the strongest RGGI. Thank you, Pippa Pearthree

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Pippa Pearthree  
625 Caton Ave Apt 1B  
Brooklyn, NY 11218

Dear Governor and RGGI Board Members,

With the Buffoon in the White House we need strong state leadership that will make sense in a country that has lost its way. Please keep up the good fight for future generations. Thank you, Carl Trost

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Carl Trost  
6728 Tonawanda Creek Rd  
Lockport, NY 14094

Dear Governor and RGGI Board Members,

With the Coastal Zone Act in jeopardy and the seismic blasting and oil and gas greedy idiots trying to ruin our coastline, this government needs to be extra vigilant to prevent these abominations!!!!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Nancy Fifer  
16077 Willow Creek Rd  
Lewes, DE 19958

Dear Governor and RGGI Board Members,

With the federal government irresponsibly backing away from action on climate change, it is vital for states to step up and develop a strong plan to combat greenhouse gases. The people of New York deserve to have our leaders take seriously the threats of pollution and climate change.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Imogen Smith  
7734 Austin St Apt 6E  
Forest Hills, NY 11375

Dear Governor and RGGI Board Members,

With the president waging war on national parks, wildlife, measures to protect the nation's water systems, clean air and energy initiatives, and the public health, it is up to communities and states to defend and restore the resources and ecosystems upon which life depends. There are people, and Trump is one of them, who enjoy destroying anything morally and pragmatically sound just for the sake of their own egos and sense of power.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Robin Rothman  
195 Mountain View Dr.  
Danville, VT 05828

Dear Governor and RGGI Board Members,

With the US having pulled out of the Paris Climate Accord, it is more important for states to work together to fight climate change now instead kicking the can down the road. We wouldn't want to do this with our budget; so why do it with our environment? Let's be conservative across the board.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

John Barkley  
9509 Ward Pl  
Frederick, MD 21704

Dear Governor and RGGI Board Members,

With Trump, the destroyer, in the Whitehouse we need to protect our Air, Land and Sea from commercial devastation. Please do everything in your power to keep our state from becoming a 3rd world country, with unbridled benefits for the rich. Thank you.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

James Barrington  
16 Sypher Rd  
Chester, CT 06412

Dear Governor and RGGI Board Members,

With Washington going backwards, NY and other advanced states must lead

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Michael Macelhiney  
1050 Albany Post Rd  
Gardiner, NY 12525

Dear Governor and RGGI Board Members,

You are a Republican governor and you still stand up against Trump and support climate change initiatives.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Avery Ecklein  
82 Brimsmead St  
Marlborough, MA 01752

Dear Governor and RGGI Board Members,

You are already a national leader, but I'm not always sure what your environmental priorities are. Will you support a strong future for RGGI?

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Suzanne Bjick  
35 Elmwood Dr  
Apalachin, NY 13732

Dear Governor and RGGI Board Members,

You are doing a great job and I hope you will continue to do a great job by working for a stronger regional climate agreement!!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Carol Spooner  
45 Washington St Apt 11  
Methuen, MA 01844

Dear Governor and RGGI Board Members,

You are in a position to fight for MomEarth !

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Victoria Berdy  
350 W 56th St Apt 1B  
New York, NY 10019

Dear Governor and RGGI Board Members,

Your showed courage banning fracking in our state. Now please continue the great example in finalizing this plan.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Priscilla August  
105 E 16th St  
New York, NY 10003

Dear Governor and RGGI Board Members,

Your silence appears to be an affirmation of Trumps policies and behavior. Be brave. Speak out against his life-killing actions!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Charles Loubert  
222 S Fulton Ave  
Baltimore, MD 21223

Dear Governor and RGGI Board Members,

you're waffling on this. Get some climate backbone, sir.

What are you waiting for??? I vote, I pay taxes. I am asking you

as MY elected official to do what the People of Massachusetts ask, want, demand that you do.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

L G Do Your Job Franklin  
1347 Beacon St Apt 2  
Brookline, MA 02446

Dear Governor and RGGI Board Members,

You've probably noticed the increasing number of homes and businesses with solar panels. New Yorkers want alternative energy and are willing to do what it takes to have it. Even for a renter such as myself, my total electric supply is from renewables - wind and hydro - and I plan to invest in a solar farm soon. Knowing that New York is committed to alternatives to fossil fuels, I have confidence as I work towards a sustainable future.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Barbara DiTommaso

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Batya Bauman

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Hanifah Murfin  
25 Montague Rd  
Leverett, MA 01054

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. Wilbraham, MA 01095

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Mihir Bajaj  
18 Stonegate Cir  
Wilbraham, MA 01095

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jessica Parker  
42 Moorland St  
Williamstown, MA 01267

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Katherine Arsenault

Whitinsville, MA 01588

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Abbie Russo  
79 Hadwen Rd  
Worcester, MA 01602

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Elizabeth Glick  
132 Brook St  
Holliston, MA 01746

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. Wayland, MA 01778

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Lana Carlsson-Irwin  
73 Plain Rd  
Wayland, MA 01778

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Denise F.  
69 4th Ave  
Lowell, MA 01854

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. Marblehead, MA 01945

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

R Onasick  
1 Bradlee Rd  
Marblehead, MA 01945

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Christine Piekarski

Boston, MA 02114

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Lucy Mooney  
116 Charles St Unit 3  
Boston, MA 02114

Dear Governor and RGGI Board Members,

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

David Mc Anulty  
46 Wren St  
Boston, MA 02132

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dita Obler  
318 Brookline St  
Cambridge, MA 02139

Dear Governor and RGGI Board Members,

Quincy, MA 02170

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Anne Johansen  
91 Clay St Apt 608  
Quincy, MA 02170

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Cheryl Snyder  
54 Plain St  
Abington, MA 02351

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Debbie Koundry

Watertown, MA 02472

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Patti Cassidy  
8 Chester St  
Watertown, MA 02472

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Laura Kohn  
11 Plymouth Rd  
Weston, MA 02493

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Lee Bartell  
7 Shortys Way  
Eastham, MA 02642

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Frank Smith  
PO Box 41252

P. O. Box1223  
East Greenwich, RI 02818

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Kailyn Shippee  
107 Danielson Pike  
Foster, RI 02825

Dear Governor and RGGI Board Members,

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Suzanne French

Johnston, RI 02919

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Mari Shields  
1 Hawkes Ave  
Johnston, RI 02919

Nashua, NH 03062

Dear Governor and RGGI Board Members,

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Joanne Lyson  
9 Westhill Dr  
Nashua, NH 03062

Dear Governor and RGGI Board Members,

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Dana Davidson  
61 Lena Ln  
Epsom, NH 03234

Dear Governor and RGGI Board Members,

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

John Kerrick  
32 Pickering Farm Rd  
Hancock, NH 03449

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Lisa Arbogast  
73 Prospect St  
Portsmouth, NH 03801

Dear Governor and RGGI Board Members,

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Valerie Morrison  
38 Spruce Pond Rd  
Strafford, NH 03884

Dear Governor and RGGI Board Members,

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Martha Murray  
14 Park St  
Kennebunk, ME 04043

Dear Governor and RGGI Board Members,
