Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Dear Governor and RGGI Board Members,

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Kim Morrill

Dear Governor and RGGI Board Members,

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Janis Bolster

Dear Governor and RGGI Board Members,

Thank you for taking feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs, and meeting our collective climate commitments. Given the magnitude of the challenge we face and the lack of leadership from Washington, we simply cannot continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future.

Sincerely,

Dirk Faegre

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jean Miller

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Robin Henrie

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Michael Maughan

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Theodore Johns

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Sandra Hernandez

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Donna Holland

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Patricia Cole

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Michael O'Brien

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Patricia Neumann

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Michael Mccann

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Nancy Ward

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Peter Brennan, Ph.D.

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Karin Goldsmith

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Loren Bohlen

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

James Moore

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Justin Camera

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jonathan Akeley

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Anne Cimino

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Laura Richbart

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Patricia Nicholson

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Kate Jamal

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Bernard Dechant

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dawn Chapdelaine

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Jeffrey Myers

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Karen Howard

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Mark Posner

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Mary Cahill

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Tanya Bobo-Lenoci

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Edward Lach

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Richard Voelkel

Dear Governor and RGGI Board Members,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Sinead Harold

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Thank you for taking climate change seriously and listening to feedback from stakeholders regarding the Regional Greenhouse Gas Initiative. The feedback has been clear and consistent: A strong and just future for RGGI is critical to protecting public health, growing our economy, creating jobs and meeting our collective climate commitments. Given the magnitude of the challenges we face and the lack of leadership from Washington, we cannot simply continue on the current path.

It is time to increase our ambition and select the strongest future for this popular and successful program. We need this for our families, our businesses, and our future!

Sincerely,

Carol Hagar
