Independent Auditor's Report

To the Board of Directors of the Regional Greenhouse Gas Initiative, Inc.

Opinion

We have audited the accompanying financial statements of Regional Greenhouse Gas Initiative, Inc. (the "Corporation") which comprise the statement of financial position as of December 31, 2021 and December 31, 2020 and the related statements of activities, functional expenses and cash flows for the years then ended and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Corporation as of December 31, 2021 and December 31, 2020 and the results of its activities and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Corporation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Notes to Financial Statements December 31, 2021 and December 31, 2020

Note 1 – Nature of organization

Regional Greenhouse Gas Initiative, Inc. (the "Corporation") is a non-profit, non-stock, corporation the exclusive purpose of which is to provide technical and scientific advisory services to the Participating States in the development and implementation of a multi-state cap and trade program, known as the Regional Greenhouse Gas Initiative ("RGGI") (or its successor) established, to reduce air pollutants that contribute to climate change, and to perform any other charitable or scientific function related to the reduction of greenhouse gas emissions or the increase in carbon sequestration on behalf of the Participating States. As of December 31, 2021 the Participating States included: Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, Vermont and Virginia. The Internal Revenue Service has determined that the Corporation is exempt from federal income tax pursuant to Section 501(c)(3) of the Internal Revenue Code ("IRC") and is not a private foundation pursuant to Section 509 (a) (1) of the IRC.

The Corporation is governed by a Board of Directors, made up of two agency heads from each Participating State who serve as directors of the Corporation *ex officio*. As provided in the Bylaws of the Corporation, the directors serving *ex officio* are as follows: (1) the chair, or the commissioner designated by the chair, of the Participating State's energy regulatory agency; (2) the chief executive of the Participating State's environmental regulatory agency or department; or (3) in the event that the Governor of a Participating State determines that a state official other than the state's environmental regulatory agency or department; is the appropriate representative to act as a director, the Governor of that Participating State must notify the chair of the Corporation in writing and such other official shall be a director from that Participating State.

The Participating States provide funds for the Corporation's activities. Each Participating State has entered into a contract with the Corporation, which establishes, among other things, the amount to be contributed by that Participating State to the Corporation for its services and the specific technical and advisory services to be provided by the Corporation to or on behalf of that Participating State.

The technical and scientific advisory services to be provided to the Participating States generally include the development and implementation of (1) a regional system for tracking emissions and emissions allowances, to support emissions inventory management, allowance trading, compliance and program analysis and user security; (2) guidance for offset projects and an accreditation process for independent verifiers of offset projects; (3) a tracking system for offset project submittals, approvals and supporting documentation; (4) a regional allowance auction platform, including pre-auction services, conduct of the auction, and post-auction services; and (5) monitoring and auditing services for both allowance auctions and the secondary allowance market. The Corporation is authorized to subcontract with outside vendors to fulfill its duties under its contracts with the Participating States.

Note 1 – Nature of organization (continued)

One aspect of the auction services the Corporation provides are financial settlement services on behalf of the Participating States offering emissions allowances at each auction. Financial security from auction participants is deposited into an account currently maintained at Bank of New York Mellon under the title "RGGI, Inc. as agent for the Participating States of the Regional Greenhouse Gas Initiative" and is held in that account subject to the terms in the auction notice issued by the Participating States offering emissions allowances. At the conclusion of each auction, the Corporation arranges for the transfer of funds in appropriate amounts to the Participating States in payment for the emissions allowances purchased at that auction, and excess funds are returned to auction participants. The Corporation's receipt and management of these funds is solely as agent for the Participating States. The Corporation has no legal right to retain any portion of these funds or to transfer them to its own account except as explicitly directed by contract with one or more Participating States. The interest earned, if any, will be used to defray the cost of future auctions.

The Corporation is a technical assistance organization only. It has no regulatory or enforcement authority with respect to any existing or future program of any Participating State. All such sovereign authority is reserved to each Participating State.

Note 2 – Summary of significant accounting policies

Basis of presentation

The financial statements of the Corporation have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The following comprise the significant accounting policies of the Corporation.

Net assets

Under accounting principles generally accepted in the United States of America, net assets and revenue, expenses, gains and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as net assets without donor restrictions and net assets with donor restrictions.

Without Donor Restrictions

Operating

Net assets that are not subject to donor-imposed restrictions and amounts can be spent at the discretion of the Corporation for general operations. Contributions with donorimposed restrictions that are met in the same year the contributions are received are recorded as contributions without donor restrictions.

Note 2 – Summary of significant accounting policies (continued)

With Donor Restrictions

Temporary donor restrictions

Net assets with donor restrictions are temporary in nature and are subject to donorimposed restrictions that will be met either by actions of the Corporation and/or the passage of time. Contributions with donor-imposed restrictions are reported as increases in contribution with donor restrictions. When a donor-imposed restriction is accomplished, that is, when a stipulated time restriction ends or the purpose of the restriction is accomplished, the net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statement of activities as net assets released from restrictions. The Corporation did not receive any contributions with donor restrictions during 2021 or 2020.

Revenue recognition

Once the Corporation's budget is determined, an amount is billed to each Participating State based upon an emissions allocation. These amounts are recorded as deferred state revenue on the statement of financial position. Revenue is recorded on a monthly basis equal to the Corporation's operating and program expenses.

Contributed services

Organizations are required to recognize contributions of services if they create or enhance nonfinancial assets, or require specialized skills, are provided by individuals possessing those skills and typically would have been purchased if not provided in-kind. Board members volunteer their time and perform a variety of tasks that assist the Corporation. These services do not meet the criteria to be recorded and have not been included in the accompanying financial statements.

Cash equivalents

The Corporation deems highly liquid investments with original maturities of 90 days or less to be cash equivalents. The Corporation had no cash equivalents at December 31, 2021 or December 31, 2020.

Property and equipment

Property and equipment, which consist of furniture and fixtures, is recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Acquisitions of property and equipment exceeding \$5,000 and with a useful life greater than one year are capitalized.

Note 2 – Summary of significant accounting policies (continued)

Functional expense allocation

The cost of providing the various programs and other supporting activities of the Corporation has been summarized on a functional basis in the accompanying statement of activities. The statement of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the program services and supporting activities. Natural expenses attributable to more than one functional expense category are allocated using a variety of cost allocation techniques primarily consisting of time and effort reporting and other equitable bases. Program services are divided into two categories:

Direct program services

These are expenses incurred by the Corporation for direct costs related to the four main functions of the Corporation: auctions, emissions allowance tracking systems, market monitoring and technical analysis and evaluation, that is paid to outside contractors.

Indirect program services

These are expenses incurred by the Corporation for direct costs that are incurred by management of the Corporation relating to the four main functions of the Corporation as described above.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from these estimates.

Concentrations of credit risk

The Corporation's financial instruments that are potentially exposed to concentrations of credit risk consist of cash. The Corporation places its cash with what it believes to be quality financial institutions. In addition, the Corporation places its cash holdings in different financial institutions to have the full benefit of the Federal Deposit Insurance Corporation (FDIC) coverage. The Corporation believes no significant risk of loss is likely as a result of credit risk concentrations with respect to its cash.

Notes to Financial Statements (continued) December 31, 2021 and December 31, 2020

Note 2 – Summary of significant accounting policies (continued)

Risks and uncertainties

The economic impact of the ongoing coronavirus pandemic and other subsequent variants on the Corporation's future financial operations is not readily determinable. Management and the Board of Directors are closely monitoring developments to minimize the impact, if any, on the Corporation.

Subsequent events

The Corporation has evaluated subsequent events and transactions for potential recognition or disclosure through October 7, 2022, which is the date the financial statements were available to be issued.

Note 3 - Liquidity and availability of financial assets

The following is a summary of the Corporation's financial assets as of December 31, 2021 and December 31, 2020 that are available for general use within one year of the statement of financial position date:

| | 2021 | 2020 |
|---------------------|---------------------|---------------------|
| Financial assets | | |
| Cash | \$ 1,074,115 | \$ 1,518,580 |
| Accounts receivable | | 3,405 |
| Total | <u>\$ 1,074,115</u> | <u>\$ 1,521,985</u> |

Note 4 – Funding

The Corporation is funded by contributions from the eleven (11) Participating States of proportionate shares of the cost of the annual budget as approved by the Corporation's Board of Directors. Each Participating State has two seats on the Corporation's Board of Directors, and these Board members are usually selected from the directors of a State's public utilities commission, environmental protection agency, or energy department, as described in note 1.

The total contributed by all Participating States during 2021 and 2020 was \$2,158,838 and \$1,919,427, respectively. In addition, during 2021 and 2020, several states paid an aggregate of \$619,721 and \$1,164,368, respectively, in advance for proportional funding costs for the following year, which are recorded as deferred state revenue on the statement of financial position.

Note 5 – Auction process

One of the main functions of the Corporation is to administer the entire auction process of carbon dioxide (CO₂) allowances for the Participating States. The Corporation administered four (4) auctions during 2021 and 2020.

Each CO_2 allowance auction is conducted in accordance with the statutory and/or regulatory authority of each Participating State offering CO_2 allowances for sale in that auction. These uniform price sealed quarterly auctions are designed to prevent price collusion by the bidders and are monitored by an independent third-party vendor (see note 7).

Each Participating State's number of allowances is specified in the statutes and/or regulations authorizing its CO₂ allowance budget. Allowances of any Participating State are recognized by the CO₂ Budget Trading Program of each of the Participating States even if that particular state is not participating in the auction.

<u>Note 6 – Retirement plan</u>

The Corporation maintains a 403(b) plan whereby eligible employees may elect to defer contributions of their salary up to the limits established under the Internal Revenue Code. The Corporation will contribute up to 10% of an employee's annual compensation. Employees are vested in the Corporation matching contribution after 24 months of employment. The Corporation's cost for the years ended December 31, 2021 and December 31, 2020 totaled \$61,777 and \$55,841, respectively. These costs are included in payroll taxes and employees' benefits in the statement of functional expenses.

Note 7 – Commitments

Program commitments

The Corporation receives funding under contracts and agreements from the Participating States. Payments received under these arrangements are subject to audit by each Participating State. Upon audit, if discrepancies are discovered, the Corporation could be held responsible for reimbursing the amount in question. As of the date of this report, no audits have been requested by the Participating States.

Auctions

The auction platform was created and is monitored by an unrelated independent contractor who is responsible for the integrity of the process. In addition, this independent contractor is responsible for verifying the collateral issued by the underlying institution for each bid made by an auction bidder. The total expenses for the years ended December 31, 2021 and December 31, 2020 were \$310,000.

Notes to Financial Statements (continued) December 31, 2021 and December 31, 2020

Note 7 – Commitments (continued)

Technical analysis and evaluation

The Corporation has a program contract with an independent contractor to provide services supporting the offset of the Participating States' CO_2 budget trading programs through development of model application and submittal materials and model guidance, as defined in the program contract. The total expenses for the years ended December 31, 2021 and December 31, 2020 were \$126,470 and \$26,218, respectively.

Market monitoring

The Corporation has an agreement with an independent contractor to serve as the market monitor for the RGGI CO₂ allowance market. This independent contractor monitors the conduct of the market participants in both the primary auctions and the secondary market to identify indications of market manipulation or collusion. It also reviews the administration of the auctions performed by the independent contractor. The total expenses for the years ended December 31, 2021 and December 31, 2020 were \$265,420 and \$226,168, respectively.

Emissions allowance tracking system

The Corporation has an agreement with an independent contractor to administer and otherwise manage the development and implementation of an emissions and allowance tracking system. The total expenses for the years ended December 31, 2021 and December 31, 2020 were \$366,475 and \$321,928, respectively.

Office space

Effective December 1, 2018, the Corporation has a nine-year and nine-month space license agreement with the New York State Office of General Services that expires on August 31, 2028 for space in common with the New York State Department of Public Service (DPS) for conducting its programs. The base license expense is recognized on a straight-line method over the life of the agreement rather than in accordance with the actual license payment made. Occupancy expense recorded that exceeds amounts paid is recorded as deferred rent on the statement of financial position, which represents the adjustment to future years' license payments as a result of using the straight-line method. Deferred rent was \$4,677 and \$39,365 as of December 31, 2021 and December 31, 2020, respectively. Occupancy costs and related charges totaled \$56,243 and \$82,305 for the years ended December 31, 2021 and December 31, 2020, respectively. During the license period, the Corporation is permitted to use the furniture, electronic, and computer equipment in the licensed space. The use of some of this equipment is subject to an additional monthly charge. Minimum aggregate annual base rental payments under the lease are as follows: 2022: \$57,681, 2023: \$58,667, 2024 through 2027: \$60,639 and 2028: \$40,426.

If you checked box 12c, Part I, complete Sections A, D, and E. If you checked box 12d, Part I, complete Sections A and D, and complete Part V.)

Section A. All Supporting Organizations

- 1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in **Part VI** how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.
- 2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in **Part VI** how the organization determined that the supported organization was described in section 509(a)(1) or (2).
- **3a** Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer lines 3b and 3c below.
- **b** Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in **Part VI** when and how the organization made the determination.
- c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in **Part VI** what controls the organization put in place to ensure such use.
- **4a** Was any supported organization not organized in the United States ("foreign supported organization")? *If* "Yes," and *if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.*
- **b** Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? *If* "Yes," *describe in* **Part VI** *how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.*
- c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? *If* "Yes," *explain in* **Part VI** *what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.*
- 5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).
- **b** Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?
- c Substitutions only. Was the substitution the result of an event beyond the organization's control?
- 6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? *If "Yes," provide detail in* Part VI.
- 7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990).
- 8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described on line 7? *If* "Yes." *complete Part I of Schedule L (Form 990).*
- **9a** Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in **Part VI.**
- **b** Did one or more disqualified persons (as defined on line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? *If* "Yes," *provide detail in* **Part VI.**
- c Did a disqualified person (as defined on line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If "Yes," provide detail in Part VI.
- **10a** Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? *If* "Yes," *answer line 10b below.*
- **b** Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)

Application for Automatic Extension of Time To File an Exempt Organization Return

Department of the Treasury Internal Revenue Service

File a separate application for each return.

► Go to www.irs.gov/Form8868 for the latest information.

Electronic filing (e-file). You can electronically file Form 8868 to request a 6-month automatic extension of time to file any of the forms listed below with the exception of Form 8870, Information Return for Transfers Associated With Certain Personal Benefit Contracts, for which an extension request must be sent to the IRS in paper format (see instructions). For more details on the electronic filing of this form, visit *www.irs.gov/e-file-providers/e-file-for-charities-and-non-profits*.

Automatic 6-Month Extension of Time. Only submit original (no copies needed).

All corporations required to file an income tax return other than Form 990-T (including 1120-C filers), partnerships, REMICs, and trusts must use Form 7004 to request an extension of time to file income tax returns.
